Book Review

The Cat Who Said Cheese
By Lilian Jackson Braun
Something smells in Pickax! As the Great Food Explo is set to begin, a killer is determined to make it an event Pickax City will never forget. The Great Food Explo is scheduled to open with a bang, introducing new restaurants, country inns, food specialty shops, and a new food page in the *Moose County Something*. Unfortunately, before the Explo can get off the ground... a bomb blasts the hotel, killing a housekeeper and causing extensive damage. Enter Qwill, Koko, and Yum Yum with suspicions that the bomb was meant as something stronger than a warning. They set out to investigate a mysterious woman guest at the ho-

tel who disappeared after the bomb exploded and find out why the hotel owner, Gustav Limburger, was suddenly hospitalized. Qwill has mustache-twitching suspicions about the whole affair yet no evidence other than Koko and Yum Yum's new interest in cheese, especially Gruyere, Brie and Feta. While he's searching for clues, a possible witness to the bombing surfaces, but he is shot to death before Qwill can question him. Of course, Qwill, Koko, and Yum Yum are on the case, and the killer (or killers?) won't escape Qwill's intuition or the cats' detection skills.
