**Deadline: Jan. 31, 2003**

# Senate passes appropriations omnibus package

U.S. Senator Pat Roberts announced that the Senate passed an omnibus package containing the 11 remaining appropriations bills from the 107th Congress. "The following projects are very important to western Kansas. I have been working hard with appropriators for the past year to make these projects a priority," he said.

Senator Roberts worked to fund the following projects:  
**Energy and water**  
 • The following lakes will receive funds: Kanopolis Lake \$1.5 million; Pomona Lake \$1.9 million; Wilson Lake \$1.8 million  
**Transportation**  
 • \$1 million for the U.S. 50 Reconstruction in Dodge City. The city will be undertaking an over-

lay and streetscraping project of U.S. 50 in the city limits. The project will restore road conditions to state maintenance minimums.  
 • \$3 million for a statewide bus and facilities replacement program, funded through the Kansas Department of Transportation.  
 • \$60,000 for Developmental Services of Northwest Kansas for

a paratransit vehicle.  
**Veterans and Housing and Urban Development**  
 • \$500,000 for Mennonite Housing, a non-profit housing group in Wichita.  
 • \$500,000 for Latimer water project to connect Latimer's water system with Herington's.  
 • \$750,000 for the National Institute for Aviation Research for icing research at Wichita State University. Funding will extend basic and applied research on the physics of ice formation on surfaces, the influence of ice accretion on aerodynamics, and development of effective deicing systems.  
 • \$800,000 for community development in Topeka.

million, increase of \$76,000.  
**Projects at the Agriculture Research Service, Manhattan**  
 • Karnal Bunt Research - \$300,000 includes language saying the committee expects ARS to work to establish a consortium in Manhattan, that will work with other land grant universities to address this disease.  
 • Ogallala Aquifer Research - \$900,000 for research that is headquartered in Texas but coordinated with Kansas.  
 • Agriculture Research Service Grain Sorghum Research - \$650,000 an increase of \$150,000 over Fiscal Year 2002 levels.  
 • U.S. Grain marketing and Pro-

duction Research Center - \$4.28 million. This will complete the renovations at the facility.  
 • Wind Erosion Research Unit (WERU) - maintains FY02 funding.  
 The bill also includes language, requested by Roberts, instructing APHIS and USDA to meet with the grain handling industry and develop an adequate Karnal Bunt compensation program and to report it to Congress no later than March 1.  
 The bill now goes to a conference committee to iron out differences in the House and Senate versions and then to the President for his signature.

## Changes in drought relief

Concerned that Kansas producers would be left out of a new drought assistance measure moving through Congress, U.S. Senator Pat Roberts late Tuesday finished negotiations on a new Senate Agriculture Committee drought relief package that will bring real, targeted assistance to those suffering from drought conditions.  
 "I am confident that this compromise is the best proposal for all of our producers. Directing payments only to areas and producers that have suffered crop losses is great news for Kansas livestock producers," Senator Roberts said. "By taking out eligibility for producers that did not suffer losses, approximately \$250 million in savings were provided that can now be used for assistance to livestock producers."  
 Assistance for livestock producers will be provided through the Livestock Assistance Program, Roberts said. Any funds received for the Livestock Compen-

sation Program (LCP) last fall will be subtracted out before a producer receives additional payments. However, almost all producers that received LCP assistance should qualify for additional assistance under this program.  
 "In addition," Roberts said, "my legislation to waive the 25 percent reduction in Conservation Reserve Program (CRP) rental rates for producers that used their own CRP ground for emergency haying and grazing last summer and fall is included in this new proposal."  
 The new proposal also allows producers in counties designated as a primary disaster area in 2001 or 2002 (all Kansas counties) and producers with losses of 35 percent or greater in non-primary counties, to get an additional direct payment on their crop bases. Producers will be able to use their historical base and yield for direct payments under either the 1996 Farm Bill or the 2002 Farm Bill.

Payment rates will be as follows:  
 Wheat - 22 cents bushel; Barley - 10 cents bushel; Minor Oilseeds - .34 cents per pound; Corn - 12 cents bushel; Oats - 1 cent bushel; Soybeans - 19 cents bushel; Sorghum - 15 cents bushel.  
 This assistance is on top of the approximately \$406 million in crop insurance indemnities that have been paid on 2002 crop losses in Kansas and the \$57 million already provided through the LCP.  
 "I promised Kansas producers I would work for real assistance instead of a political issue," Senator Roberts said. "This proposal is a common sense approach that delivers on that promise."

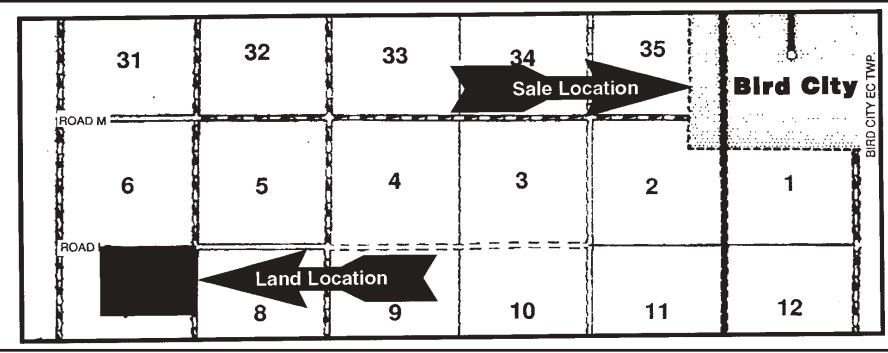

## Bird City News

Bill and Judy Elliott of Amarillo, Texas, were house guests of Maude Elliott. They helped her celebrate her birthday on Tuesday.  
 On Tuesday, Jan. 21, Frank Kinder of Pueblo, Colo., stopped for a short visit and breakfast with Paul and Edna Roesener and Roy and Karen Shrader. Frank is Edna's brother-in-law.

Mr. and Mrs. Keith Dorsch spent the week in Louisburg, Kans. visiting their son Jim and wife Lorri. They met their granddaughter Cassie Dorsch for a brief visit in Topeka.  
 On their return trip home Sunday, they were coffee guests of Edna and August Homburg in Ellis.

## Cost-Share Funds Available

The Cheyenne Co. Conservation District announces sign up for the Water Resources Cost-Share Program and the Non-Point Source Pollution Cost-Share Program. Applications will be taken at the Conservation Office, January 21 - 31.

**The following practices are eligible for cost-share assistance:** Diversions, Cross-Fencing, Field and Feedlot Windbreaks, Irrigation Water Conveyance Pipeline, Livestock Pipelines, Wells and Tanks, Spring Developments, Terraces, Range Seeding, Sprinkler Irrigation Systems Upgrades, Livestock Waste Control Facilities, Abandoned Well Plugging and Septic System Upgrades.

Cost-share assistance rate is 50-70%. All applications will be reviewed and ranked by the District Board of Supervisors and funded according to priorities recommended by the Kansas Water Plan. Work may not be started until notified by the Conservation District Board. Deadline to complete work is May 31.

If you are interested, please contact our office on West Highway 36 in St. Francis or call 785-332-2341.
