Ag Week salutes the working men and women who are involved in the business of agriculture.

Farmers gamble on the weather, brave the elements, and work long, hard hours to produce the food we all need. This week these Agri-business supporters give special recognition to the farmers of the area!

FARMERS ...
Are Natural Heroes!

The American Farmer's diligence, dedication and ingenuity are responsible for the abundance of healthy foods we enjoy today. That's why, during Ag Week, we'd like to acknowledge our nation's farmers and their families for the tough job they do, and the many contributions they make in improving the quality of our daily lives.
