The Silver Haired Legislature was fortunate to get a small portion of their requests granted and the Governor has signed the bill. We had asked for three additional Omsubsmen's, we were fortunate to get one. This person will be located in one of the heavier populated counties. Next year we will work on getting the other two. If we are fortunate to achieve that each Planning Service Area (PSA) will have one Ombudsman, that person will be responsible to train volunteers to visit nursing home residents for problems.

There were portions of other bills that will benefit senior citizens. More on those bills will be forth coming later. The Homestead was increased and I will have a 2006 and projected 2007 comparison at a later time when the figures are released.
