### MARK YOUR CALENDARS!

Cheyenne County will hold a Household Hazardous Waste Collection Day on **Saturday, Sept. 22 from 1:00 p.m. to 3:00 p.m.** at the Cheyenne County Landfill.

Materials accepted include paints, solvents, cleaners, pesticides, aerosol cans, batteries and used oil. Automobile lead acid batteries will be accepted. Please have the materials in sturdy boxes for easy and quick unloading. Have your used oil in disposable containers. Farm chemicals, appliances, tires, yard waste, explosives, school lab chemicals, medical waste, radioactive waste, ammo, compressed gas cylinders (propane), asbestos, dioxins or silvex will not be accepted. Program organizers reserve the right to reject delivery of materials.

Participants are asked to leave all materials in their original containers. If the container is leaking, pack the container "as is" in another larger container and label it clearly. If another container is used, be sure it is clearly labeled. Do not mix contents of different containers. Securely package materials before transporting. Do not carry open containers of liquids with strong odors or spill potential in a closed automobile. Pack the containers so they won't tip, break or spill during travel. Waste oil should not contain gasoline, solvents, decreases, paint or antifreeze. Keep all household hazardous waste away from children and animals.

Due to KDHE regulations these are items that can't be picked up during the City-Wide Cleanup later in the month. You do not need to call prior to bringing items to the Landfill. If you have questions, please call the Landfill at 785-332-8842, Tuesday through Saturday.

**No Household Hazardous Waste items accepted early or after the clean up date.**
