# Motorcycle racers do well on the track

Janicke Race team was in action again on April 6 at the McCook, Neb. racetrack. The weather was windy with gusts well over 30 miles per hour. Compounding the wind was the dirt work that was done on the track that caused a lot of dust blowing.

The Janicke brothers, Walker, Devon and Jordan, rode well in spite of the conditions. Jordan and Devon were the first of the family to race. Devon was a little timid at first but raced his way up to third and Jordan finished his division of the 65 cc class in third.

The second motos went about the same as the first. Devon was disappointed he did not pass his way to second, but Devon and Jordan placed third overall for the day.

Walker raced right after his two brothers. He is still holding back a little by riding more cautiously. He was caught up in a three or four bike pile-up in the first moto. Walker hit a bike that was on the ground then went down. He took a few seconds to get up, but continued the race. He complained only about his wrist hurting a little.

In the second moto, Walker was a bit more aggressive on the

starting line, but still held back while racing because of the wrist. He placed 16th out of 21 riders for the day. It may take a while for Walker to get used to racing with the big boys, but he will get a lot better because of the competition
