Sheriff Report

During the May council meeting, Sheriff Craig Van Allen gave the April activity report to the members.

The deputies performed over 146 hours of patrol and case work in the city and check doors of businesses.

Deputies gave out two traffic tickets, six traffic warnings, and answered one juvenile incident involving an air-soft BB gun.

In addition, responded to one dog complaint, one battery investigation, two Social Rehab Services investigation assists, two investigations for outside agency, one civil stand by one search warrant and three building checks after discov-

ering building was unsecured.

After the report, Mayor Troy Burr asked Sheriff Van Allen about the budget for 2010. Sheriff Van Allen replied that with the substantial pay increase this year of 5 percent, mainly due to fuel increases, he did not expect another one.

He continued by saying the 2010 budget would reflect the cost of living increase of 3 percent and would work with the city on it.

Deputy Cody Beeson asked from the council clarification of the ordinance concerning abandoned vehicles on city streets.

He added that he and Craig White, city maintenance, had a discussion on what constituted an

abandoned vehicle. Deputy Beeson wanted a well-defined ordinance describing it.

"We have a range of abandoned/disabled vehicles, it could be a flat tire or a missing engine," said Deputy Beeson.

Councilman Hal Sager asked if unregistered/unlicensed vehicles be considered in this. Deputy Beeson said it was two separate laws and he just wanted to address the above mentioned simply to give the owners time to either fix the vehicles or move them. Adding this will prevent owners from receiving tickets. No further discussion from council members.

Think you're prepared for the storm?

Before the storm

Reconsider your coverage:

- Not all policies cover water damage, debris or tree removal, sewer backup due to flooding, sump pump failure or the costs of having to stay somewhere while your home is repaired.
- Do you have comprehensive coverage on your vehicle in case of hail?
- Did you add flood insurance (a FEMA-run program) to your homeowners' policy?
- Have you updated your home inventory?

After the storm

Claims, repairs and settlements:

- Contact your agent immediately to report losses, and take notes about your conversation.
- Take photos of damage.
- Get instructions from your adjuster before making repair arrangements.
- Don't get scammed by questionable contractors.
- Don't accept an unfair settlement. If you can't reach a settlement with your insurance company, call our Consumer Assistance Hotline at **800-432-2484**.
