

Remember Their Bravery

What living in and for America means to me. Living in America is a wonderful privilege that I think sometimes I take for granted. It is also a wonder that we have such a wonderful free and loving country. There

are a million words but none can express my gratitude for the men and women who have died fighting for freedom.

Cherean Kendell

Letting freedom ring through our country, our schools, our homes. Being able to live in the land of the free. Being able to have choices and rights. Living in a free society

is great! I'm proud to be an American living in this beautiful and free country!!

Cindel Harrington

What does it mean to be an American? It means giving you the rights and freedom of anybody else. You can live in a place where you have the right to say what you want. We also get to choose our future such as college

and what we want to major in college. It means you got to stand up and fight for the past fighters who fought for our freedom.

Clay McMullen

Being an American to me means that I'm free. A lot of the time people take that for granted, myself included! Seeing what happens to other countries with the poverty, constant fighting, and suicide bombers makes me appreciate what we have here. I feel pride for our country when there are soldiers out there fighting for our freedom cause. Freedom doesn't come without a

price! We don't back down from fights, we stand up for ourselves! Liberty and justice for all! Everyone has a chance to make a difference here. No one is better than the next person! Everyone is an equal, no matter what religion you choose, where you came from, or what color your skin is we are all equal!

Courtney Cox

What being an American means to me. Being an American you can be free, you are free to be who you want whenever you want. You can speak your mind as loud as you want. You don't have to dress a certain way, you don't have to look a certain way. You can have whatever religion you choose to

worship. You can be who you want to be. Even though some people might take it for granted, you should always be happy to be an American. That's what being an American means to me.

Courtney LeClair

I like living in a country that has given me the right to be free because you are not under one ruler that can do everything and wants you to be a slave to him or her. That

is not true in America because we have already abolished slavery.

David Couter

To me freedom means life. Life is a way of saying I'm grown up. Freedom means a lot of things. Freedom can mean joy, happiness, excitement, and wisdom. But to me freedom means the world. Without the world how would we survive?

I know the soldiers are fighting over in Iraq, but that doesn't mean they are fighting just to die, they're fighting for our freedom. That's what being an American means to me.

Galen

Being an American citizen means loyalty and people standing by their country. To believe in America and fight for what we believe in. It means freedom. To live where we are free to choose just about anything—from freedom to electing our president to freedom of speech. It also means love.

People bond together, support each other, help each other, and love each other. Being an American means being proud of who you are and where you come from.

I'm proud to be an American. God Bless the U.S.A..
