PUBLIC NOTICE

Special Education Information for the North Central Kansas Special Education Cooperative Interlocal #636 (NCKSEC)

Published in the Norton Daily Telegram on Friday, July 23, 2003. (1T)

The individuals with Disabilities Education Act (IDEA), Public Law 105-17, was reauthorized by Congress and signed into law by President Clinton on June 6, 1997. This legislation basically amended the 1990 IDEA that was the cornerstone of federally mandated services for disabled students. Special education categorical areas include autism, deaf-blindness, deafness, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other health impairment, emotional disturbance, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment and blindness, early childhood disabilities and gifted.

The individuals with Disabilities Education Act provides for a free, appropriate public education for all disabled students. The foundation of IDEA is its requirement that schools develop an individualized Education Program (IEP) for each disabled student. The IEP requirement combines the evaluation of disabled students with the achievement of specific goals. These goals are typically set by the student's parents, school administrators, and regular and special education teachers working together.

The North Central Kansas Special Education Cooperative Interlocal #636 will continue to provide special education programs and services to all exceptional children. The NCKSEC consists of fourteen Unified School Districts as follows: #211-Norton, #212-Northern Valley, #213-Lenora, #237-Smith Center, #238-Kensington, #269-Palco, #270-Plainville, #271-Stockton, #295-Jennings, #324-Eastern Heights, #325-Phillipsburg, #326-Logan, #392-Osborne, and #399-Natoma.

The purpose of the NCKSEC is to identify all students in the fourteen participating districts who are eligible for and need special education services. Special programs and services are then provided to assist these students in reaching their potential. All these services must meet the requirements and specifications stated in federal and state statutes and further clarified in the Kansas Special Education Process Handbook. Additionally, the NCKSEC must make assurances in the provision of these services. These assurances include confidentiality of student records, provision of students' and parents' due process rights, nondiscriminatory and multi-disciplinary evaluations, and provision of services in the least restrictive environment or most normal setting to the maximum extent appropriate.

If anyone believes that a child may qualify for and need any of these services, please contact any building administrator in any of the fourteen districts or Gary Baxter, Director for the North Central Kansas Special Education Cooperative Interlocal #636, 693 2nd Avenue West, Glade, KS 67639 (785-543-2149). Superintendent - Greg Mann, USD #211 - Norton Community Schools Superintendent - Roger W. Lowry, USD #212 - Northern Valley Schools Superintendent - Kenneth Tidball, USD #213 - West Solomon Valley Schools Superintendent - Dave DuBois, USD #295 - Prairie Heights Schools
