If you can be seen, you can be safe

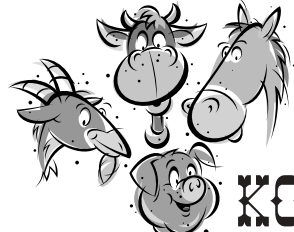

As a producer, you not only work long hours, you work late hours. And that can mean transporting equipment between fields in the dark.

Day or night, it's important that other drivers see you coming. Make sure you have the proper lights and

install a Slow-Moving-Vehicle (SMV) sign on all of your equipment — even wagons and drawn equipment. If you have older SMV signs that are faded, replace them with new ones.

Safe operators make sure they are seen. Stop by our parts department today.

Invest in Farm Safety—It Pays!!

REMEMBER TO USE AND REPLACE MACHINERY GUARDS AND SHIELDS!

KOWPOKE SUPPLY

115 W. Main, Norton — PHONE (785) 877-2753

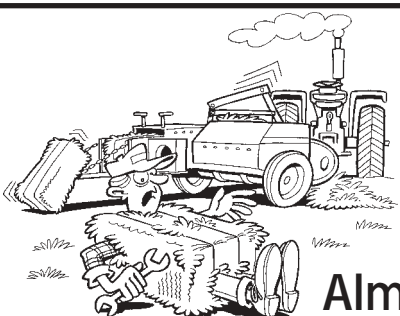

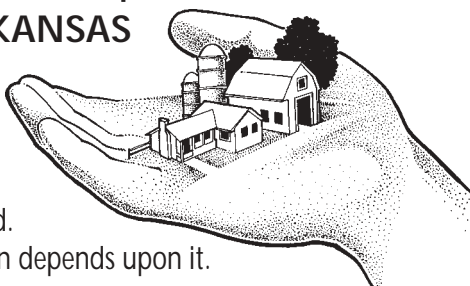

Decatur Co-Op Association

JENNINGS, KANSAS

PHONE: 785-678-2313

The importance of safe farming cannot be overstated.

Your whole operation depends upon it.

Let someone know where you will be working during the day, and carry a cell phone for emergencies!
