At First Security Bank, we've been doing just that since 1887. We are your home-town bank that offers the security of full FDIC Insurance on all accounts, even those over \$100,000. That's right, now you can make large, FDIC-insured deposits without running all around town (or taking your money out of town) to open accounts. Your deposits earn CD-level returns while you enjoy the ease and convenience of one consolidated statement from First Security. There is more. By

making your deposits at First Security, you make the full amount available for community lending purposes. It just doesn't get much better than that. You earn top returns, keep your money at home and working in Norton with the bank where all decisions are made locally. Your money is secure and fully-insured too. That's what working with your home-town team is all about — and that home-town team is at First Security Bank. Call or stop by today.
