Living Trust Seminar

Learn how a "Living Trust" can Protect Your Estate from Probate and Estate Taxes.

Learn how to protect your children's inheritance and keep your family property from ending up with someone else's family.

If you don't have a Living Trust

- ⇒ Your estate will go through probate, so that the court can distribute your assets. This is an expensive process that can take more than a year.
- ⇒ The details of your estate and your estate plan will become public record, so that anyone can examine what you had and what you left to whom.
- ⇒ In the event you become incapacitated, the court may appoint someone to manage your assets or the court directs.

If you do have a Living Trust

- ⇒ Your loved ones will inherit your estate immediately upon your death, without the expense and delay of probate.
- ⇒ Your estate will not become public record, so details concerning your assets and your estate plan will remain completely private.
- ⇒ In the event you become incapacitated, your designated trustee will manage your assets according to your instructions.

Your Speaker: Dan Diederich is both an Attorney and a Certified Public Accountant.
