Acreage open

for grazing

Sen. Pat Roberts told *The Norton Telegram* Thursday that the U.S. Department of Agriculture re-leased Conservation Reserve Program acreage in Kansas for emergency grazing due to serious, long-term drought conditions to seven additional counties. He said the latest counties approved are Cheyenne, Greeley, Hamilton, Morton, Sherman, Stanton and Wallace.

Sen. Roberts said that by allowing the emergency grazing of CRP land, producers can prevent damage to grazing and crop acreage. He also said he was pleased that the Ag Department quickly acted on the Ag Committee's request to bring relief to Kansas producers hit hard by the drought.

He said the drought has placed tremendous pressure on pastures, forcing some producers to sell livestock or move them out of state. "Absent moisture, this is at least one step we can take to help our producers stay in business."

New postmaster gets on board at Norton operation

By CAROLYN PLOTTS

There is a new face in the Norton postmaster's office.

On June 24, Brenda Darnell assumed her official duties as Norton's postmaster. Ms. Darnell takes over the position previously held by JaNan O'Brien who left Norton about six months ago.

During the interim period, Larry Donahey, who is the postmaster in Hill City, carried out the duties as Officer In

Charge.

Now that Ms. Darnell has moved to Norton, he has returned to his permanent position in Hill City.

Ms. Darnell has been with the postal department since 1988 when she started as a part-time clerk in the general mail facility in Wichita. Since then she has worked as a clerk in Anthony; as the postmaster in Hazelton; as the postmaster in Argonia; as the Officer In Charge at

Andover; and on a detail assignment in the Wichita main office.

She supervises 12 other employees and said the Norton office is busier than the position she held before, but the duties are about the same.

For the time being her address is Sebelius Reservoir at her "Lake Home on Wheels".

"But, I am looking for a house to make the move permanent," she said.

"I like Norton," she said. "It has some nice attractions like the lake and golf course."

In her leisure time Ms. Darnell likes to travel in her RV, spend quiet time at the lake, read and play with her cat.

She has a 15-year-old son who will be a freshman at Chaparral High School at Anthony/Harper and a 25 year-old daughter who is an emergency room nurse at Via Christi St. Francis Hospital, Wichita.

School goes

with hourly

calendar

By VERONICA MONIER

The Norton School board decided to go with a calendar based on hours again, rather than one based on days.

Superintendent Greg Mann said each year the district had to decide whether to certify by hour or by day. Typically, he said, certifying by hour allows for more flexibility.

If the board decided to certify by days, then it would need a 186 calendar days to be accredited. At the moment, the district has 180, which is short for what would be needed.

However, he said, if the board built the school calendar on an hourly basis, then only 179 days, or 1,116 hours, would be needed.

The board chose to certify, once again, by hour for the 2006-07 school year. There will be a minimum of 465 hours for kindergarten; 1,116 hours for grades 1-11; and 1,086 for grade 12.

In other business, the board:

- Approved the consent agenda, which included paying bills; appointing Janice Russell as clerk of the board; appointing Dan Walter as the board's attorney; approved *The Telegram* as the official publication for the district; setting the fee for

Storm damage

A storm that hit Lenora last night did plenty of damage, making Lenora look "like a war zone," said one resident. A shed at 440 Main St. was just one of the casualties. More information will be available on this storm in Tuesday's edition of *The Telegram*.
