### Hospital looks into new furniture

By VERONICA MONIER

The Norton County Hospital board is thinking about getting new furniture.

Janette Lacy and Jan Volgamore, both hospital employees, put together a presentation for new furniture for four areas in the hospital.

Mrs. Volgamore said Krueger Industries would be who the hospital would be getting the furniture from.

She said they focused on the four busiest areas in the hospital — the front lobby, solarium, out-patient waiting area, and quiet room. The furniture is all made for heavy use.

Mrs. Lacy said the hospital has done a lot of work recently and it would be nice to finish it.

"I think first impressions are a big deal," she said.

Board member Jennie Goldsby said she was very pleased with the work they had done. But, she said, it's expensive. She asked if they could break it down into phases.

Mrs. Volgamore said it could be done in sections.

### Council wants to stop illegal trash dumping

By VERONICA MONIER

Illegal dumping is, once again, becoming a problem for Norton.

City Administrator Rob Lawson told the city council at its last meeting that people have been dumping their household trash in public dumpsters.

Councilman Jerry Jones asked if anything was being done to stop it.

Mr. Lawson said the only thing that could be done would be to remove the public trash bins. They've already done that once, but ended up putting a few of them back in place.

"We've been talking about it," he said. "We're thinking about maybe getting a few wildlife cameras to get some shots of who's doing it. Then we'll bring them in."

Mr. Lawson said a lot of people who dump illegally include trash that has their name and/or picture on it. That's how they've found people before. But, he said, those people who were caught before and were spoken to about it haven't done it again.

Councilwoman Elaine Mann said she thinks when the city knows the name of who's doing it, they should enforce a fine.

In other business, the council:

- Heard from Mayor David Corns that board appointments will need to be made in November and the city needs to get notices out to the public.

- Learned from Mr. Lawson that the city would be cleaning sewers. The second third of the sewers is being cleaned this year. The project started last year and will finish next year, he said.

- Heard that several KQNK Road residents thanked the city for putting stripes on the KQNK bridge.
