

Norton Mayor David Corns signed a proclamation declaring Feb. 16-23 Nation FFA Week while Norton FFA President Tim Becker looked on.

National FFA Week PROCLAMATION

Whereas, the FFA and agricultural education provide a strong foundation for the youth of America and the future of the food, fiber and natural resources systems; and
Whereas, the FFA promotes premier leadership, personal growth and career success among its members; and
Whereas, agricultural education and the FFA ensure a steady supply of young professionals to meet the growing demands in the science, business and technology of agriculture; and
Whereas, the FFA motto — “learning to do, doing to learn, earning to live, living to serve” — gives direction of purpose to these students who take an active role in succeeding in agricultural education; and
Whereas, the FFA promotes citizenship, volunteerism, patriotism and cooperation.
Therefore, I do hereby designate the week of February 16 through 23, 2008, as FFA Week.

DAVID N. CORNS
Norton Mayor

Norton, Northern Valley join nation in FFA Week

Norton and Northern Valley are celebrating National FFA Week Feb. 16-23, 2008. *Blue Jackets, Bright Futures* is the theme this year and it embodies all the best about FFA members, from the most recognizable symbol of the organization, the blue corduroy jacket, a symbol of pride and tradition, to the bright future of agriculture and the traditions of leadership and hard work. More than half a million members around the nation will participate in National FFA Week activities at the local and state level.

The focus of National FFA Week is to tell America about the great opportunities available for all youth. From its beginnings in 1928 as the Future Farmers of America, the National FFA Organization today reaches out to all 50 states, Puerto Rico and the

Virgin Islands. FFA is committed to developing character and leadership skills and preparing members for a lifetime of civic leadership and career success.

FFA members have opportunities to attend national leadership conferences, develop a supervised agricultural experience learning project, learn life skills and serve their communities with civic engagement. Through classroom instruction and hands-on learning, agricultural education and FFA are making a positive difference for members every day.

FFA members are our future engineers, scientists, teachers and producers. Students earn awards, recognition and educational scholarships to pursue their career goals. One of every five Americans is employed in the food, fiber and natural resources

industries of agriculture, and FFA members are a part of these industries.

Norton and Northern Valley FFA members are the leaders of tomorrow. They are success-oriented students who are driven to achieve their goals. FFA gives many young people an important push to consider their futures — what kind of people, citizens and professionals they intend to be. FFA builds leaders, and leaders impact the future.

National FFA Week is sponsored by Case IH as a special project of the National FFA Foundation. The Foundation is the fundraising arm of the National FFA and supports programs by working with sponsors to raise funds for scholarships that are awarded to outstanding members.
