### RESOLUTION NO. 417

Published in The Norton Telegram on Friday, April 10, 17, 2009.

(2T)

**A RESOLUTION FIXING TIME AND PLACE OF HEARING ON PUBLIC OFFICER'S REPORT FINDING THE PREMISES OF RETINA L. JACOBS, 109 BRYANT, ALMENA, NORTON COUNTY, KANSAS UNFIT FOR HUMAN HABITATION, DANGEROUS AND UNSAFE**

**WHEREAS**, the Public Officer of the City of Almena, Kansas, has made his report and request to the Governing Body of the City of Almena, Kansas, that finds the premises located within Almena, Kansas, belonging to Retina L. Jacobs, more particularly described as follows:

A tract of land commencing at a point 388' East and 30' North of the NE/c of Block Eight (8), Original Town of Almena, Norton County, Kansas, thence East along the North line of the Northeast Quarter of the Southeast Quarter (NE/4 SE/4) of Section Eight (8), Township Two (2) South, Range Twenty-one (21) West of the 6th P.M. a distance of 100', thence south a distance of 189', more or less, to the North right-of-way line of the CB&Q Railroad, thence Southwesterly along said right-of-way line 114', more or less, to a point directly South of the place of beginning, running thence North 248', more or less, to the place of beginning, subject to legal highways:

to be unfit for human habitation, dangerous and unsafe; and

**WHEREAS**, the Governing Body of the City of Almena, Kansas, has authority pursuant to Section 4-601, et seq, of Code of the City of Almena, Kansas, to require or cause the repair, closing or demolition or removal of such structures found to be unfit for human habitation, dangerous or unsafe within Almena, Kansas.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF ALMENA, KANSAS:**

**SECTION ONE:** A hearing will be held before the Governing Body of the City of Almena, Kansas, to determine whether the structure or structures on the premises described above is fit for human use or habitation, dangerous or unsafe, at the following place on the following date:

City Building, Almena, Kansas, on the 4th day of May, 2009, at 7:00 p.m.  
**SECTION TWO:** That this resolution shall be published once each week for two (2) consecutive weeks in the official City newspaper and that notice by certified mail be sent to each owner, agent, lienholder and occupant of the premises.

**PASSED AND APPROVED** this 4th day of April, 2009.

CITY OF ALMENA, KANSAS  
Gerald Wilson, Mayor

Twila Ingram, Almena City Clerk

## •PUBLIC NOTICE•

**PRAIRIE LAND ELECTRIC COOPERATIVE, INC.  
(PRAIRIE LAND), REQUESTS PUBLIC COMMENT ON ITS  
PROPOSED RHOADES TO PHILLIPSBURG 115-kV  
TRANSMISSION LINE BUILDING PROJECT**

Published in The Norton Telegram on Friday, April 10, 17, 24, 2009.

(3T)

### LEGAL NOTICE

Prairie Land Electric Cooperative, Inc. (Prairie Land), requests public comment on its proposed Rhoades to Phillipsburg 115-kV Transmission Line Building Project. Prairie Land has prepared an ENVIRONMENTAL REPORT (ER) for evaluation by the UNITED STATES, DEPARTMENT OF AGRICULTURE, and RURAL UTILITY SERVICES (RUS). This ER may be reviewed at the office of Prairie Land, located at 14935 US Hwy 36; Norton, Kansas. RUS will either prepare its own independent Environmental Assessment or adopt the ER prior to its decision to grant financial assistance for the proposed facilities. Prairie Land has determined that this project is necessary for reliable service and to meet the requirements of the Regional Transmission Organization (RTO), Southwest Power Pool (SPP). This project also provides for additional system load growth for Prairie Land. The proposed Rhoades to Phillipsburg 115-kV transmission line is approximately 30.6 miles in length and will generally require a 100 foot wide right-of-way. The proposed line will run along section lines from the Rhoades substation (located in Section 10, Township 3S, Range 23W, Norton County, Kansas) to the Phillipsburg substation (located in the middle quarter of Section 23, Township 3S, Range 18W, Phillips County, Kansas). There will be approximately six to eight single pole (Braced Post Insulator) structures per mile. The transmission line conductor will consist of three conductors and one static wire. Conductors are 795,000 KCM Aluminum Conductor Steel Reinforced (ACSR) type with a conductor outside diameter of 1.108 inches. The static wire is Extra High Strength (EHS) steel with a wire outside diameter of 3/8 inch. Most of the ground the line will cross is pasture or cultivated farm ground in Norton and Phillips counties and is privately owned. Modifications to the existing Rhoades and Phillipsburg substations will be required for the addition of this transmission line. The modifications of both substations will include additional circuit breakers, switching devices, aluminum bus work and steel supporting structures. These additions will require approximately 1.0 acres of new substation area and will include earth work to level and compact soil to match the existing substation grade. Interested parties are invited to comment in writing within 30 days of this notice to:

Prairie Land Electric Cooperative, Inc.  
**Alan Miller General Manager and CEO**  
14935 U.S Hwy 36  
PO Box 360  
Norton, KS 67654

A copy of all comments will be sent to RUS for its review.
