Benefiting Shriners Hospitals for Children

All Shrine Bowl events are produced and presented to benefit Shriners Hospitals for Children, a health care system of 22 hospitals dedicated to improving the lives of children by providing pediatric specialty care, innovative research and outstanding teaching programs for medical professionals.

Children up to the age of 18 are eligible for care and receive all services in a family-centered environment, regardless of the patients' ability to pay. The Shrine Bowl has generated millions of dollars profit, all of which has been used for free treatment and/or transportation of Kansas children to Shriners Hospitals for Children.

Retelecast of Shrine Game
