large crowd of fans who traveled to Holton to support the young Norton County marksmen.

He also thanks the assistant coaches and other volunteers who helped out. He said lots of parents assisted and did a good job.

"The shooters were well behaved, we had no gun problems and the weather was good," said coach Elliott.

Coach Elliott also thanked the parents for encouraging their children to do their best and practice regularly and also thanked the parents who help out during the Monday night practices throughout the year.

He also thanked the Norton Rotary Club for sponsoring the program and providing a place to practice. He also thanked the Norton Telegram for continued news coverage and the entire community for always supporting in any way possible.

Began in October
Norton's preparation for the state shoots began in October when the shooters entered the gun safety program, sponsored by Daisy and the National Rifle Association.

After passing the course, the young girls and boys began practicing marksmanship in each of the four positions and studying for the written test of gun safety knowledge.

Practices are held every Monday evening and shooters are encouraged to also practice at home.
