

# Former student receives doctorate

Corey Schliep, St. Francis Community High School graduate class of 1994, has earned his doctor of philosophy degree in human ecology specializing in marriage and family therapy at Kansas State University. Dr. Schliep is the son of Glenn and Vickie Schliep of St. Francis. He currently lives in Topeka with his wife, Fani, of 10 years.

Dr. Schliep graduated from Washburn University with a dual bachelor of science degree in criminal justice: law enforcement and corrections back in 1998. He then earned a master's degree in marriage and family therapy from Friends University in Wichita.

Dr. Schliep has practiced at CFCC and Associates, Inc., in Topeka from 2001 to the present

as a clinical therapist serving the mental health needs of individuals, couples and families.

Dr. Schliep also has provided human systems consultation services to area businesses and community organizations as well as facilitating multiple father-child playgroups, infant mental health groups, parent-child psychotherapy groups, as well as a number of community presentations and trainings.

In 2006, Dr. Schliep was appointed the executive director at CFCC and Associates. In December 2008, Dr. Schliep received his doctorate degree from The School of Family Studies and Human Services in Marriage and Family Therapy at Kansas State University.

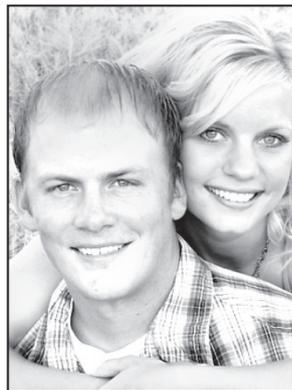

# Couple planning wedding in May

Kerry Beth Olson and Nicholas Jon Wahlmeier plan to be married on Saturday, May 2, 2009, at Immaculate Conception Church in Leoville with a reception to follow at The Gateway civic center in Oberlin.

Parents of the couple are Randy and Sharon Olson of Oberlin, and Jeff and Mary Wahlmeier of Clayton.

Grandparents are Ruben and Darlene Feikert, St. Francis; Eunice and Glenn Martin, Oberlin, and the late Lowell Olson; and Stan and Ramona Shaw and Agnes Wahlmeier, Jennings, and the late Lawrence Wahlmeier.

The bride-elect is a 2004 graduate of Decatur Community High School and a 2008 graduate of Fort Hays State University with a Bachelor of Science degree in elementary education. She is a first-grade teacher at Washington Grade School in Ellis.

Sterling College

Lauren Zwegardt of St. Francis will be performing in the upcoming Sterling College production of *An Italian Straw Hat* at 8 p.m. Thursday through Saturday, February 12-14, in Culbertson auditorium on the Sterling College campus. The Sterling College production is directed by Diane DeFranco-Kling.

Zwegardt, the daughter of Kory and Kim Zwegardt, is a freshman at Sterling College.

*An Italian Straw Hat* is one of the most accomplished and satisfying examples of the French imbroglia, in which a character is in search of something, only to find it moments before the curtain falls. This classic French farce was written by Eugene Labishe in 1851 and has inspired numerous stage revivals, a famous silent film, a ballet and a musical comedy.

All of these incarnations share the basic premise: the hero is about to be married when his

horse devours a lady's rare Italian style straw hat. The lady demands it be replaced and this sets off a quest that soon attracts a crowd of followers.

This production will provide a look at French Vaudeville of the mid 1800's. Laced with songs and crazy comic business and a chorus of wedding guests this romp is sure to become a favorite in the school theatre repertoire.

Tickets will be available at the door each night of the performance.

## Odd Facts

- An ostrich's eye is bigger than its brain.
- Tigers have striped skin, not just striped fur.
- In most advertisements, the time displayed on a watch is 10:10.
- Al Capone's business card said he was a used furniture dealer.

Our economy in this country seems to be falling apart more every day.

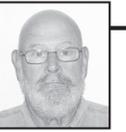

We here in Cheyenne County are fortunate, in that we don't have massive plant closings, high unemployment, unbearable welfare costs. BUT we will see, are seeing, a trickle-down effect from the downturn.

- The characters Bert and Ernie on Sesame Street were named after Bert the cop and Ernie the taxi driver in Frank Capra's "It's a Wonderful Life."
- A dragonfly has a life span of 24 hours.
- A goldfish has a memory span of three seconds.

# Cheyenne Co Developments

## What about Cheyenne County?

We ask: What about Cheyenne County? What can we do, all of us, to maintain what we have and even grow in this downturn?

Diane and I, Cheyenne County Development Corporation, will be hosting a county-wide meeting in the near future, and asking you, "What about Cheyenne County?"

We want you to give that some thought, and bring to that meeting your ideas, your energy, to answer that question. "What about Cheyenne County?"

We have had a number of questions regarding "wind farms."

People are asking what the downside is of those big towers. We have done some research, and will have available at the office, a paper addressing the "Pros and

Cons" of wind energy. Stop in if you are interested in picking one up. Or, just stop in....
