## Historical Society offers scholarship

The Cheyenne County Historical Society voted to offer a \$500 scholarship to one graduating senior in order to encourage his or her further education and interest in local history.

Applications must meet four criteria: be a Cheyenne County resident; have a cumulative grade point average (GPA) of at least 2.0 at high school graduation; plan to attend a college, university, or vocation-technical school; and submit an application and essay in a large, brown envelope by April 10 to Ward Cassidy at St. Francis Community High School or Anita Burton at Cheylin High School.

Application forms are available from Mr. Cassidy or Mrs. Burton. St. Francis students should be aware that the common application form they usually complete for local scholarships will not be used by the historical society's Scholarship Committee because they chose to use a form that would be equitable for both St. Francis and Bird City students.

An essay of 250-300 words should address why it is important to know the history of Cheyenne County. The applicant should not put his or her name on the essay itself because the judges wish to be impartial.

The scholarship recipient will be awarded \$250 on Aug. 15 and \$250 on Jan. 15, as long as he or

she maintains at least a 2.0 and remains in good standing at the school attended. This \$250 scholarship can be used to help buy some texts or pay some tuition or room and board.

This is the second year the Cheyenne County Historical Society is offering this scholarship. Last year the amount was \$250, and Brittany Lucas was the recipient.

Direct any questions to Margaret Bucholtz, Lea Keller, or Lucille Rossbach.

## History told on building

John Finley, St. Francis, had some information on the building recently bought by Gordon and Carol Ross for the Ross Manufacturing office and production. He said the building was Chessmore Ford Garage.

He and his father John knew the owner, Earl Chessmore well, often going fishing with him. They often fished a lake up by Haigler. Being a Ford man, Mr. Chessmore owned a Lincoln Zepher. At that time, there was a train that went through Haigler which was also a Zepher and it traveled around 100 miles per hour.

"Earl would try to race the train," he said.
