“They’ll Be In College Before You Know It.”

Before we know it, our kids are grown and raising families of their own. Memories of their growing-up days are valuable. One way to keep those memories is through newspaper clippings, sports, 4-H and graduation special sections. When a booster ad or special section comes out, take note of the businesses and individuals supporting it and thank them personally. Without their support *The Saint Francis Herald* and *Bird City Times* could not bring you these memories.
