Cheyenne County has celebrated Kansas Day since 1930, when the Mother's Circle of the Bird City Methodist Church organized

the first celebration, a "Kansas Day Picnic," which turned out to be an all-day affair. Down through the years, Kansas Day has been celebrated in Bird City with skits, dances, poems and songs. On Jan. 29, this local Kansas Day tradition will continue with the observance at Bird City Legion hall. Not many communities in Kansas observe Kansas Day, so come on out to Bird City this year and celebrate the birthday of our state.

Antifreeze – The typically recommended mixture of antifreeze (coolant) and water inside most vehicles' radiator is 50:50. When properly mixed, antifreeze provides excellent anti-boil, anti-freeze and anticorrosive properties. Coolant should be flushed and refilled at least every two years in most vehicles. As a reminder, don't make the mistake of adding 100 percent antifreeze.
