

# Annual car show draws 168 entries

THERE WERE LOTS OF ACTIVITIES going on at the Saturday In The Park Car Show held Saturday in St. Francis. The firemen had their train pulling old and young around. Clockwise, Mary Bier was working the sign-up table; cars, windshields and tires were being shined; The owner of the 1969 Shelby GT 350 was telling about the motor; this dinosaur drew lots of attention; the owner of these street rods had every size and all were painted the same.
