Antique engine show approaches quickly

The Tri-State Antique Engine and Thresher Show, held in Bird City, is quickly coming up and the new queen is mysteriously giving clues to her identity. She will be recognized at the Thursday, July 28, program starting at 1:15 p.m. in front of the grandstand.

Pictured is the queen taken more than 80 years ago. She has lived in Cheyenne County for most of those years.

Watch for more clues and information on her identity in future issues of the *Times* and *The Herald*.

The Thresher Show will be held July 28 through 30 on the Thresher show grounds. Each day is packed with events including the old steam engines on parade. Their drivers will perform the pyramid stunt and steam engine races. There will also be steam engine and thresher talks. The kids will be playing tug-o-war with the small steam engine, there will be the introduction of the Thresher Queen and Princess, along with

the parade of antique cars. On the grounds is the sod house, country schoolhouse and church which will be open for people to tour. There are buildings full of items from "yesteryear." Depending on the person's interest, a day can be spent in each building, whether it is antique engines, vehicles or the antique rooms of the past.

There is also food. The Country Kitchen is open each day serving hot and cold sandwiches, potato and macaroni salad, baked beans and pie. There is soda, iced tea and lemonade.

For those interested in a bargain, stop by the swap meet. Or, those wanting to bring items to the swap meet can set up a table and there is no charge.

In the July 21 issue of both papers, the Thresher Show special section will be inserted. There will be lots of interesting articles on events, items and happenings to be seen at the 2011 Thresher Show.

DO YOU know who the Queen is?

Book Review

Book review from the St. Francis Public Library

Breaking Dawn By Stephenie Meyer

To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, she has endured a tumultuous year of temptation, loss, and strife to reach the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or pursue a fully human life has become the thread from which the fate of two

tribes hangs.

Now that Bella has made her decision, a startling chain of unprecedented events is about to unfold with potentially devastating and unfathomable consequences. Just when the frayed strands of Bella's life - first discovered in *Twilight*, then scattered and torn in *New Moon* and *Eclipse* - seem ready to heal and knit together, could they be destroyed...forever?

The astonishing, breathlessly anticipated conclusion to the *Twilight Saga*, *Breaking Dawn* illuminates the secrets and mysteries of this spellbinding romantic epic that has entranced millions.
