CHEYENNE COUNTY

You can't always be there for an aging parent, or loved one who lives alone. But you can help increase their confidence to live independently - with Philips Lifeline through Cheyenne County Hospital.

Lifeline is a simple, wireless device worn as a pendant or wristband that allows the wearer to summon help with the push of a button from anywhere in their home or yard, 24 hours a day, 365 days a year. The button connects to a trained Lifeline response associate, who quickly accesses the profile and calls responders for help.

There are 3 different units now, the new one is a cordless phone or if you have plenty of phones there is just the unit and the third option is a regular phone unit. The cost for a Lifeline is a one-time installation fee of \$50 and the monthly cost is \$30 and for the new cordless phone it is \$35.

For more information or to get one installed call Shawna at Cheyenne County Hospital 785-332-2104.
