"The key right now is to continue to improve in all areas of wrestling.

"Right now our biggest opponent is ourselves. From a mental standpoint we aren't quite where we need to be. The guys need to believe in themselves and know that they can go out and hang with anyone. We've got tough guys in our room and I'm really looking forward to seeing how they finish this season out."

Wicked Business

By Janet Evanovich

Lizzy Tucker's once normal life as a pastry chef in Salem, Mass., turns upside down as she battles both sinister forces and an inconvenient attraction to her unnaturally talented but off-limits partner, Diesel.

When Harvard University English professor and dyed-in-the-wood romantic Gilbert Reedy is mysteriously murdered and thrown off his fourth-floor balcony, Lizzy and Diesel take up his 20-year quest for the Luxuria Stone, an ancient relic believed by some to be infused with the power of lust.

Following clues contained in a cryptic 19-century book of sonnets, Lizzy and Diesel tear through Boston catacombs, government buildings and multimillion-dollar residences. On their way, they'll leave behind a trail of robbed graves, public disturbances and

general mayhem.

Diesel's black sheep cousin, Gerwulf Grimoire, also wants the stone. His motives are far from pure, and what he plans on doing with the treasure, no one knows... but Lizzy Tucker fears she's in his crosshairs.

Never far and always watching, Grimoire has a growing vested interest in the cupcake-baker-turned-finder-of-lost-things. As does another dangerous and dark opponent in the hunt - a devotee of lawlessness and chaos, known only as Anarchy.

Treasures will be sought, and the power of lust will be unmistakable as Lizzy and Diesel attempt to stay ahead of Anarchy, Grimoire and his medieval minion, Hatchet, in this ancient game of twisted riddles and high-stakes hide-and-seek.

What Doesn't Kill You

By Iris Johansen

Catherine Ling was abandoned on the streets of Hong Kong at age four. Schooled in the art of survival, she traded in the only commodity she had: information. As a teenager, she came under the tutelage of a mysterious man known only as Hu Chang - a skilled assassin and master poisoner.

As a young woman, she was recruited by the CIA and now

she is known as one of their most effective operatives. Having lived life in the shadows, Catherine is aware of the wobbly moral compass of her existence and even more aware of just how expendable she is to those she deals with.

When her old friend, Hu Chang, creates a formula that's not only deadly but completely untraceable, the race begins to be the first to get it. With rogue operative John

Gallo, also on the hunt, Catherine finds herself up against a group of villainous and a man so evil that she may not survive in her quest to protect those she cares about: Hu Chang and Luke - the son who was stolen from Catherine and only recently brought home safe.

Using all of her formidable skills, Catherine Ling proves the age-old belief that what doesn't kill you makes you stronger.
