

Aftermath of Monday's storms —

There was a great deal of damage done in the Cheyenne County area during the storm on Monday. Above, a yard in a Wheeler residence was flooded. Clockwise, a tree limb had fallen on a car in Bird City; the sand creek between Wheeler and St. Francis was roaring; a car cautiously crept through the water running over the road on the old Wheeler Road detour; the flag pole on U.S. 36 and Bird Ave. was snapped at the base.
