

Let the **Gorilla** help sell your stuff

If you're planning a garage sale, be sure it's in **The Country Advocate**

Invite the 900-pound Gorilla to help with your garage sale. You'll have more customers, sell more stuff and make more money. That means more in your pockets at the end of the day, and less junk to haul off to the dump.

How does it work? Simple. While the paper reaches most families in the town, The Country Advocate goes all over northwest Kansas. It reaches 41,860 readers in 11 Kansas counties, plus parts of northeastern Colorado and southwest Nebraska.

That's why it's the 900-pound Gorilla of Northwest Kansas Advertising, reaching more homes and more people than any other publication, broadcast station, cable system, Internet page or advertising medium.

Reader after reader has tried The Advocate for their advertising. The results?

Stuff sells. People drive for miles to find a good sale. They don't want to walk away empty-handed. The Gorilla works.

Your newspaper makes it easy for you to be in The Advo-

cate. Just call or stop by and place your ad. You'll be surprised how easy it is, and how affordable. You'll be surprised — and happy — when your phone starts to ring or people show up at your door.

But call today. Deadline for The Advocate is noon Friday, ONE WEEK BEFORE a weekend sale. Sure, you can get an ad in the paper later, but it won't be the same. Call the Gorilla.

It works.

Heavy rains cause minor flooding
By Kevin Bottrell
kbottrell@nwkansas.com
It's been a while since Sherman County saw this much rain at once. More than six inches fell in Goodland over a three-day period with more moisture following over the weekend.
The National Weather Service reported record rainfall on Thursday: 4.11 inches, beating the record of .85 for Sept. 12, set in 2008. The rain began falling Wednesday afternoon. Rainfall that day was 1.23, not far off from the Sept. 11 record of 1.85 set in 1933. The rain let up Friday after dropping an additional .79 inches, beating the Sept. 13 record of .64 from 1982.
The total rainfall in town was 6.13 for the three-day period. Higher rainfall – as much as 8.32 inches on Thursday – was reported in the southern part of Sherman County by the Community Collaborative Rain, Hail and Snow Network.
On Thursday there were reports of minor flooding in Kit Carson County. About 16 miles south of Burlington, a semi-tractor rig almost lost control when it tried to go through six to eight inches of water on Highway 385.
A flash flood warning was issued Thursday afternoon for Kit Carson and Sherman Counties as well as parts of Cheyenne and Wallace Counties. In Goodland large amounts of water collected in the retaining pools near Phillips and Pioneer Parks.
As county road crews got out and about Friday, flooding or washed out areas were discovered over several county roads including County Road 68 between 17 and 18; Road 13 between 52 and 55; Road 10 between 59 and U.S. 24; and Road 17 between 52 and 55. Water from the Smokey Hill River was flowing over a bridge on County Road 13.
There was also flooding in the eastbound lanes of I-70 between exits 11 and 14 on Friday. Traffic was diverted onto U.S. 24 between those two exits for several hours before it was re-opened in the late afternoon.
Areas to the south near the Wallace County border saw more rain Tuesday. Reports from the public indicated that between a half inch and an inch of rain fell.
It rained again in Goodland Sunday and Monday mornings. The weather service predicted a chance of rain throughout Monday. An approaching warm front from the south was to keep the skies mostly cloudy. Clear skies and temperatures in the mid-80s are expected today.
Before the multi-day rainstorm, Goodland was at a little over half its average rainfall for that point in the year.

Goodland had its own lakes last week as rainwater collected in the retaining pools at Phillips and Pioneer Parks. Goodland received more than six inches of rain in a three-day period and some additional moisture over the weekend. The retaining pools receded quickly.
Photos by Kevin Bottrell/The Goodland Star-News

The South Beaver Creek was among those running high during last week's rainstorms. There was minor flooding in areas, including retaining pools near Phillips and Pioneer Parks.

There was also flooding in the eastbound lanes of I-70 between exits 11 and 14 on Friday. Traffic was diverted onto U.S. 24 between those two exits for several hours before it was re-opened in the late afternoon.

Areas to the south near the Wallace County border saw more rain Tuesday. Reports from the public indicated that between a half inch and an inch of rain fell.

It rained again in Goodland Sunday and Monday mornings. The weather service predicted a chance of rain throughout Monday. An approaching warm front from the south was to keep the skies mostly cloudy. Clear skies and temperatures in the mid-80s are expected today.

Before the multi-day rainstorm, Goodland was at a little over half its average rainfall for that point in the year.
