

Let the **Gorilla** help sell your stuff

If you're planning a garage sale, be sure it's in **The Country Advocate**

Invite the 900-pound Gorilla to help with your garage sale. You'll have more customers, sell more stuff and make more money. That means more in your pockets at the end of the day, and less junk to haul off to the dump.

How does it work? Simple. While the paper reaches most families in the town, The Country Advocate goes all over northwest Kansas. It reaches 41,860 readers in 11 Kansas counties, plus parts of northeastern Colorado and southwest Nebraska.

That's why it's the 900-pound Gorilla of Northwest Kansas Advertising, reaching more homes and more people than any other publication, broadcast station, cable system, Internet page or advertising medium.

Reader after reader has tried The Advocate for their advertising. The results?

Stuff sells. People drive for miles to find a good sale. They don't want to walk away empty-handed. The Gorilla works.

Your newspaper makes it easy for you to be in The Advocate. Just call or stop by and place your ad. You'll be surprised how easy it is, and how affordable. You'll be surprised — and happy — when your phone starts to ring or people show up at your door.

But call today. Deadline for The Advocate is noon Friday, ONE WEEK BEFORE a weekend sale. Sure, you can get an ad in the paper later, but it won't be the same. Call the Gorilla.

- Fact: For voting information go to www.electioncenter.ksdp.org or call the election hotline at 1-844-560-7474.
- Fact: Over 20,000 names are still in suspension from the August Primary; many are names of people who had voted before, but lacked photo ID or other proof of voting rights.
- Fact: Anyone and everyone who pays property tax is affected by who gets voted into the Governor's seat this November.
- Fact: Governor Brownback has experimented with the tax breaks for the rich to the point of causing a property tax crisis, particularly in Northwest Kansas counties.
- Fact: Rural counties of Northwest Kansas have experienced the largest tax increase of any other area in the state, as much as 30 percent in some taxing districts in these counties.
- Fact: Schools, rural hospitals, community issues, Medicare, Medicaid highways and services are at risk.
- Fact: Over 190,000 Kansas businesses were exempted from paying Kansas Income Tax last year causing a reverse Robinhood effect ... rob from the poor to give to the rich.
- Fact: If there was a city in Kansas named Poverty, it would be the largest city in the state. Yes, even larger than Wichita.
- Fact: While the 190,000 businesses in Kansas paid no state income tax, the hourly wage earner who works for those corporations and businesses, however, did pay their fair share of Kansas income tax.
- Fact: Actual figures show that over the past three years property taxes in rural counties have increased three times faster than in the large urban counties.
- Fact: Property taxes for public schools grew over five times faster in rural Kansas over the past three years.
- Fact: School district property taxes in Sherman, Wallace and Logan counties have a 30 percent increase while Thomas County is presently standing between 20 and 30 percent increase.
- Fact: When measured against changes in the cost of living, funding for educational programs that can actually be spent on student support programs, teachers and administrators has declined by \$500 million since 2009.
- Fact: The huge tax cut experiment has left the state school funding budget in a dire state.
- Fact: Colby School District 315 since the beginning of the 2008/2009 school year has experienced cuts of 18 staff members, reduced instruction time for gifted students, Home Economics and Woods, eliminated in town busing, cut back textbook and technology purchases and elimination of the Thomas County Academy.
- Fact: Colby School District currently has one teacher to every 17 students, compared to 1 teacher to every 12 students before the tax cuts for the wealthiest.
- Fact: Colby School District has closed one kitchen and cut food service staff, yet food service costs have gone from \$441,000 to \$507,000 because everything the school purchases has gone up, even though state aid has gone down.
- Fact: State funding per pupil has gone from \$4433 per student in 2009 to \$3852 per student for 2014/2015.
- Fact: School funding operating budget was previously funded 69 percent by state/federal funds in 2008 and has now dropped to 57 percent.
- Fact: Six of the State Aid payments received by USD 315 last year bore the notation, "Highway Fund."
- Fact: Property taxes are the only likely path in order for schools and public services to survive.
- Fact: Kansas rates # 42 in the nation for teacher pay.
- Fact: Everything begins with education... from knowing how to read a ballot to knowing how to be a doctor, a researcher, educator or scientist, etc. None of it can happen without education.
- Fact: Kansas has been well known for having good schools and good colleges.

Minimize capital outlay: You don't pay a dime until your building is complete and ready for use.

Maximize your tax position: Your payments are fully deductible and allow you to deduct more than a standard schedule.

Own your building: At the end of the lease you will purchase and own your Morton building.

Sleep Beautifully

Did you know sleep problems can have an adverse effect on health issues, such as diabetes, blood pressure problems, cardio-vascular health and your general well-being? The Sleep Disorder Center at Scott County Hospital provides state of the art evaluations and treatment of sleep disorders for adults and pediatrics (children). It provides 2 private bedrooms with bathrooms and a living room area to provide a home-like ambiance.

Sleep studies are read by Dr. Robert Ballard, M.D., certified by the American Academy of Sleep Medicine and Board Certified in pulmonary disease. Our Sleep Technicians can help eliminate, under Dr. Ballard's guidance, the risk bad sleep habits can put on your overall health, and also treat specific issues. Our Technicians are bi-lingual to better serve our patients.

Scott County Hospital Sleep Disorder Center can treat sleep disorders including: snoring, sleep apnea, insomnia, nightmares, bed wetting, sleep walking/talking, restless leg syndrome, fatigue and much more.
