Club News

High Plains Lions

High Plains Lions met March 11 at the Ramada Inn. President Lion Larry Koon called the meeting to order by leading the flag salute. Lion Matt Hamill said the blessing and Lion Sheryl Brenn lead the group in America. After a delicious buffet dinner the group discussed old and new business. Lion Virgil Jones had his wife, Linda as a guest. Two hopeful Lions were in attendance, Jay Kelley and Ray Bark.

Lion Koon reminded the club of Atwood's up-coming 50th anniversary April 7. Most of the club indicated they would attend. Final count will be April 1.

Reports were made concerning Lion Bob Urbom's hospitalization. A card was signed for Lion Bob and the report is hopeful Thursday dismissal. It was also reported that Arlo Edward's wife, Margaret, has been moved to Good Sam in Goodland.

Program chairman Lion Mary Hurtt shared the Governor's news letter. The Governor wants at least three members from each club to attend this weekends district convention. It appeared that High Plains will have more than three members attending. Lion Mary's program was about herself and her recent bout with cancer. She reported that af-

ter radiation and chemo therapy she had been pronounced cancer free. She had surgery on her breast and lymph nodes under her arm.

She urged men and women to do a self check every month. She said she feels like a million dollars now and she demonstrated that she had her own real hair. She said now she spends a lot of time helping others with their cancer treatment. Lion Koon reminded the club that the Zone meeting is Tuesday night at the Colonial Steakhouse in Oakley. Lion Matt Hamill won the drawing. The next meeting will be March 25.

Ten members answered roll call. There were two visitors present, T.J. and Tate Preston. Levi Von Lehe moved that we accept the visitors as new members. The motion was seconded and carried unani-

Houseguest is walking across the country

Roger and I had a house guest, overnight, on Friday. Her name is Lila Wellings, and she is on a 'trek' across the country, just walking the back roads of the country, stopping at churches, homes or such. She headed back out on her journey about 9:30 a.m., Saturday, and we pray that she will find a warm and friendly place to stay for the rest of her sojourns. She has been on the road for over two years, and said she always had found somewhere to stay. It wouldn't be my desire, but as the saying goes, "it takes all kinds". We enjoyed a visit with her, and I believe she enjoyed the potato soup and warm bed. When we open our homes, we can enjoy the diversity of the lives of others, and their experiences, but there is also a need to use a little caution in who we open our lives to.

Dora Dene (Jones) Sandberg of Denver, and her daughter, Elaine of Angel Fire, N.M., stopped in the Senior Center on Friday with Minniebelle and Don Jones of Goodland. Dora Dene is interested in getting a class reunion organized at a later date. I am not sure just what year she graduated, but Marge Westover was in that class, so

Lucas Phillips gave a demonstration on how to make balloon animals. Levi Von Lehe gave a demonstration on pulling a calf with less stress. Drew Von Lehe led the club with the 4-H pledge and motto.

if you have any addresses or ideas, I am certain Marge will be happy to forward them to Dora Dene.

USDA Commodities will be available again, around the 19th, so if you are eligible, be sure to stop in for them.

I could have a toss up for "Good Person" this week, but I gotta go with Colleen Rall. She has really made things easier for LaVelle and for us, and I know she does a lot for many other people. So, again, "Thanks, Colleen!"

We had our weekly storm, on Friday evening. There was wind, blowing snow, ice, and very cold temperatures. Oh, yes, did I mention wind? It will be nice to get out of the wind cycle, but I doubt that it will happen for a while. We need a reminder that winter is still in the area, once in awhile, but now, for a few days, we will be able to enjoy warm weather, although we do hope it will get rainy pretty soon. Isn't that something, we are wanting rain in the middle of March, although snow is the normal form of moisture for this time of year.

Saw in the paper, tonight, where

Kenneth Wilcox died. Brought back some memories, as we lived next to his sister, Marjorie Nitz, when I was growing up. Seemed like Marjorie kept my mother informed about all the happenings in her sister, Dorothy Taylor, and brother, Kenny's lives. As a kid, I was always in earshot and listening to the things that were being discussed, and it seemed fun to be eavesdropping in on grown-up conversations. (Not that I ever heard anything shocking at all.) Now, it seems strange that both Kenny's name and Dorothy's name are mentioned in the same newspaper edition. I do wish Dorothy a speedy healing in her battle and my condolences to Dr. Wilcox's family.

There are some local folks that are also having health problems, and we send the very best to them, also. Cornelia Baird is home from the hospital, and we hope she is getting along much better now. And, I hope Paul Hudson is feeling better, after his stay in the hospital. LaVelle is still getting stronger, and I know he will be happy to be able to motivate more freely.

Now, when folks are recuperating, it's a good time to read a book, and Betty Wolfe says there are some new ones at the Heritage Library. Monday and Wednesday, from 1-4 p.m. and Saturday mornings from 9-11 a.m., you can go in, and find a good book. There are also talking books and videos avail-

able, and they can be checked out for two weeks at a time. There are also records of local history, which can help you find out about the folks that you once knew, or about events that have occurred in the county or town, in the past. One thing that caught Betty's eye awhile back was an article in the June 15, 1991 news. Seems that Willis Crabtree was retiring, and that date was proclaimed Willis Crabtree Day in Brewster by Mayor Michael Baughn. Isn't it great that we can still see Willis busily at the school, and not only here in Brewster, but also at Golden Plain? The retirement suit evidently didn't fit him too well, and it is to the benefit of many of today's students that Mr. Crabtree decided to continue helping young people learn. Just heard someone say that "age is a matter of mindset", and it's good that folks can change their minds. Back to the library news, be sure to stop in and say "Hi" and see what there is that interests you.
