Dodgers snap Rockies five-game win streak

LOS ANGELES (AP) — Odalis Perez pitched his second one-hitter of the season, getting help from a pair of diving catches from right fielder Shawn Green, as the Los Angeles Dodgers snapped Colorado's five-game winning streak with a 4-0 win Tuesday night.

Perez (9-3), who pitched a one-hitter against the Cubs on April 26, allowed only a clean line-drive single to left field by Bobby Estalella to lead off the sixth inning.

The Dodgers' left-hander was extremely efficient, needing only 87 pitches in his third career complete game. Perez struck out six and walked one, lowering his ERA to 2.33, second best in the NL behind Tom Glavine's 1.68 mark.

Paul Lo Duca homered and Eric Karros added a two-run shot, helping

the Dodgers extend their NL West lead to 1 1/2 games over Arizona.

Technically, the Rockies got one runner past first base when Estalella broke for second on Juan Pierre's hit-and-run grounder to shortstop.

Cesar Izturis got the out at first, but Estalella tried to make it to third and was thrown out by Karros to end the inning.

Green, known more for his homers than his fielding, robbed Estalella with a backhanded grab in the second inning and went to his right to take an extra-base hit away from Juan Uribe for the last out in the eighth.

John Thomson (7-6) allowed three runs and four hits in seven innings.

The right-hander is 0-4 in six starts since his last victory on May 23 against San Diego. He is 0-3 in five career starts against the Dodgers.

“Ever have an itch so bad you can’t sleep?”

That's what happened to me. I developed a reaction to some medicine I had to take following surgery. The doctors said there was nothing they could give me for the itching. I tried that itch cream you see all over TV. It didn't help. Nothing stopped the itching.

“During a return trip to the emergency room following surgery, I told the emergency room doctor I itched so bad I was about to go nuts. He told me to go right to the drug store and get a tube of ITCH-X®.”

“I used it one time and the itch was gone. I got the first night's sleep I'd had in over two weeks.

“I had to take my medicine for another month and I don't think I could have made it that long without ITCH-X.”

I think that ITCH-X® saved my life!”
