

# Pioneer Memorial Library scheduling two big events for October

Two important events are scheduled for October at Pioneer Memorial Library. The first will be the dedication of a new flag for the front of the Library on Oct. 13, and the second will be our annual "Spook-tacular Book Sale on Oct. 19. The flag pole, dedicated to all Vietnam veterans, was a gift from Mr. & Mrs. Richard Weston and Mr. & Mrs. Clarence Denning. Dick Weston also donated the American flag that will be raised at the brief ceremony and Sheila Frahm donated the Kansas flag. We hope you will join us on the front lawn of the library on Sunday, Oct. 13, at 2p.m. for this special event. We think this will be a wonderful addition to our library and is indeed a wonderful gift to the whole community.

As usual, we have a lot of new titles for you to consider checking out from the library. Here are just a few. *Taste of Honey* by Eileen Goudge is the second installment of her Carson Springs, California, trilogy. Twenty-eight years have passed since Gerry Fitzgerald gave up her daughter for adoption. At the time, it was the second

hardest decision she had ever had to make - her decision not to take her final vows as a nun being the hardest. (The child's father was a parish priest who had seduced her during her final weeks in the convent.)

Gerry, now a divorced mother of two, has never really gotten over the guilt of giving her daughter away, so she decides to search for her and the story takes off from there. Goudge is a master at penning interesting characters and lush scenery. *Taste of Honey* would make a great read for both old fans and new ones

If you are a Janet Dailey fan, you are in luck. Her latest featuring the Calder clan and the Triple C Montana Ranch is called *Green Calder Grass*. Ty Calder has recovered from the kidnap-

ping/shooting that ended *Calder Pride*, and he and his wife Jessie are expecting twins. But not all is right with the world.

It seems a 10,000 acre parcel of government land that lies within the boundaries of their ranch is under fire, and negotiations for a clear title have been stalled. Then there is Jessie's nemesis Tara - Ty's first wife - who persuades Ty to attend the funeral of her father, but who has other plans for him once he reaches Texas.

*Green Calder Grass* has a tragic surprise ending that will not please many of Dailey's fans. But it certainly is no stereotype romance novel.

Ready for another John Jakes novel? This author of 15 consecutive New York Times best-sellers has come up

with yet another one, *Charleston*. As usual the book is packed with interesting characters, accurate well-researched period detail, and fascinating accounts of historic events. Set against the backdrop of the American Revolution and the Civil War, Jakes takes the powerful southern Bell family and follows them through their changing fortunes and the changing Charleston aristocracy to which they belonged.

Told in three parts, the author shows the bleak horrors of slavery, war and greed while also managing to confirm the essential goodness of American ideals. *Charleston* is indeed a lusty, character-driven history lesson as only Jakes can deliver it.

Finally, *Slowdollar* is the latest cozy mystery by Margaret Maron, starring North Carolina Judge Deborah Knott. Here we find her stunned to discover that a member of her family was murdered on the midway at the Harvest Festival carnival. Then there is a second carnival murder - and suddenly all sorts of the Judge's family secrets are coming to light.

# Award programs announced for Thomas County

Announcement that three conservation award programs will be held in Thomas County was received today by David Tole, Chairman, Thomas County Conservation District.

"The programs are being sponsored", said Tole, "by the agricultural committee of the Kansas Bankers As-

sociation, Kansas Department of Wildlife and Parks, and Quails Unlimited.

The purpose of these programs is to stimulate a greater interest in the conservation of the natural resources of Kansas by giving recognition to those farmers and landowners who have made outstanding progress in the es-

tablishment of soil and water conservation on their farms and have installed and maintained areas that enhance wildlife populations. The awards include soil conservation award, windbreak award, and wildlife habitat award.

Points to be considered in selecting soil conservation award winners include (1) use of land according to its capabilities; (2) completeness of farm plan applied; (3) balance of farm enterprise; (4) quality of conservation work done and maintenance of practices; and (5) special practices unique to the farming operation.

The windbreak award considers windbreaks that provide protection from damaging winds for residential or

other structure areas, livestock, or fields. Windbreaks should be a minimum of three years old.

Points to be considered in selecting award winners include windbreak design, management, location, density, and length.

The wildlife habitat award considers overall habitat quality, quantity and maintenance and a farm's overall impact on wildlife populations through use of conservation practices.

Nominations can be made by any person for one or all of the awards. Nominations should be made to the Thomas County Conservation District by Oct. 15 by either sending the nomination to 915 East Walnut in Colby or calling 462-7482, ext. 3.

# Sweet Home Alabama gets five lightning strike review

You will not find a better movie this time around than *Sweet Home Alabama*. Reese Witherspoon plays the part of a down to earth southern girl who makes it big in New York city, and she does it better than I thought she would. This movie had me laughing my head off. It is filled just the right amount of humor and some serious scene as well, this truly is a great movie.

I really liked the opening of *Sweet Home Alabama*. Two kids running on the beach through a lightening storm and kissing for the very first time. Suddenly lightening strikes and we were off.

Two people from the same town, set off on lives of their own in two very different styles. One laid back, the other hectic and so crowded.

Jeff Owen

## • Movie Review

Haven't you ever wondered what it must be like to live in the everyday hassle and bustle of big city life? I'm happy to live where things can be taken a little slower and life can really be enjoyed.

I must agree with my nephew, *Sweet Home Alabama* deserves five out of five lightning strikes.

I think you would agree with me, so take your significant other and see this movie. Pay close attention to the previews, there are some really great movies coming out very soon.

See you at the movies.
