**Flip it over! Check it out before you chuck it out!!**

**PLASTICS**  
make up 8-12% of the garbage in our landfill.  
Recyclable plastics include beverage bottles, rigid food containers for margarine, yogurt & ketchup.

- ◆ Plastics don't break down in the landfill.
- ◆ Most plastic containers wear a number on their bottoms. Flip it over - pay attention - only SOME plastics can be recycled.
- ◆ Look for the Moblus loop symbol, known internationally as a symbol for recycling. It has a specific number from 1-12.
- ◆ Coding on the plastic containers is important because most plastic recyclers recycle various plastics separately.
