### WE HAVE GOOD NEWS!

**A QUICK PAINLESS METHOD TO ERADICATE HEMORRHOIDS USING MILD ELECTRICAL CURRENT IS NOW AVAILABLE. THIS TREATMENT REQUIRES SEVERAL BRIEF VISITS TO OUR OFFICE, AFTER WHICH PATIENTS GO BACK TO WORK IMMEDIATELY.**

WHAT DO THE RESEARCH STUDIES SAY?  
In Gastrointestinal Endoscopy, Vol. 33, #2, D.A. Norman R. Newton, and G.V. Nicholas reported the results of treatment of 42 patients with d.c. current therapy. They noted "All patients were successfully treated and symptom free at a mean duration of follow up of 18.2 months." They concluded "This painless outpatient treatment of all grades of hemorrhoids is effective and safe", and "warrants consideration as the treatment of choice of hemorrhoidal disease". In the American Journal of Gastroenterology, Vol. 83, #9, Dr. S. Zinberg reported the results of treatment of 193 patients with this method. "Good results were achieved in 95% of patients."

ADVANTAGES OF HEMCURE OVER OTHER TREATMENTS FOR HEMORRHOIDS:  
HemCure is far less expensive than surgery, requires no recovery, avoids complications like scarring and infection, and is reported by most patients to cause only mild discomfort during the treatments, which resolves immediately after.

This treatment method is covered by Medicare and most insurance plans. A payment plan is available for patients not covered by insurance, and for patient deductibles and copayments.

We want you to be an informed health care consumer. Our office will be happy to provide further information explanation of fees, and estimate of your out of pocket expense. If hemorrhoids are interfering with the quality of your life, call today.
