Flip it over! Check it out before you chuck it out!!

Plastics don't break down in the landfill. Most plastic containers wear a number on their bottoms. Flip it over - pay attention - only SOME plastics can be recycled.

Look for the Moblus loop symbol, known

internationally as a symbol for recycling. It has a specific number from 1-12.

Coding on the plastic containers is important because most plastic recyclers recycle various plastics separately.

each additional word (per week). Your ad will run 1 time in the Advocate and 1 week in the sister paper of your choice.
