

Colby College radio to begin broadcasting school sports

Colby Community College's KTCC radio will return to the air beginning at 7 a.m., Thursday. Located at 91.9 on the FM dial, the station will broadcast from 7 a.m. to 8 p.m. seven days a week (or until sports programming is complete), said Debbie Schwanke, public information officer.

Colby College broadcasting students, under the direction of department chair Rod Thomason, will manage and operate the station which has an estimated broadcast radius of 40 miles.

Although the station will continue with the classic rock format, a major change this year will be the addition of over 100 sporting events featuring Rich Epp doing play-by-play for Colby High School football, volleyball, basketball, wrestling, baseball and softball.

Epp will also be doing play-

by-play for Colby College Trojan volleyball, basketball, wrestling, baseball and softball contests.

"The CCC students enrolled in the broadcasting classes will be assisting with color commentary, technical aspects and some play-by-play during coverage of the games," said Epp. "The college will be providing the most extensive coverage of northwest Kansas sports in the history of the station. I believe this will provide a great learning opportunity and 'hands-on' experience for the students."

Epp will be providing live coverage of the Colby High School football game at St. Francis Friday. He will begin the pre-game show at 5 p.m. on 91.9. Then, on Saturday, he will be covering the Lady Trojan volleyball matches which begin at 12:30 p.m. against North Platte Community College; at 1:45 p.m. against Northwest

Community College (Powell, Wyo.); Lamar Community College at 4:15 p.m. and McCook Community College at 5:30 p.m.

"Epp is a longtime sports broadcaster who was one of the first graduates of the Colby College program in 1972," she said. "He has been broadcasting northwest Kansas sports for over four

decades and is widely recognized as one of the best play-by-play announcers in the tri-state area."

He began his career as a broadcaster in 1971 at KLOE Radio/TV as sports director, covering high school and Colby College sports. In 1976-78, he went to Illinois to cover Big 10 football and basketball for the University of Illinois and then returned to the Colby area in 1979.

In addition to his many awards and honors, he has twice been selected as the "Sports Broadcaster of the Year" by the Kansas Association of Broadcasters.

He served as Public Information Officer with the Kansas Department of Commerce in Topeka

and in the fall of 1989 became the Press Secretary for Governor Mike Hayden. The broadcasting department at Colby Community College includes the radio station and a television station which can be viewed on S & T cable channel 118. For questions, or to schedule sports coverage, call Epp at 443-1994 or Thomason at 460-5454.
