

# Home Ownership Month

*June ~ National Home Ownership Month*

For millions of individuals and families, the American Dream starts with owning a home. When families move into a home of their own, they gain independence and confidence, and their faith in the future grows. The spread of ownership and opportunity helps us give our citizens a vital stake in the future of America and the chance to realize the great promise of our country.

*Let these businesses help you when buying or selling your home!*
