2008 Modern Woodmen of America

No purchase necessary. You don't have to be the fifth caller.

There is no form to fill out.

You won't be pressured into buying a timeshare in Branson.

All you do is show up and take a side — literally — at a chance to win \$233.

The Colby Free Press' Cointest will return July 4. It will be held during the High Plains Lions Club festivities at the Thomas County Fairgrounds 4-H building at 7 p.m.

People interested in playing will guess what side a coin will land on. Those who think the coin will land heads, will stand on one side of the room. Those who think the coin will land tails, will stand on the opposite side of the room. Whatever side the coin lands, the people who guessed that side

will continue to play. Those who guessed the other side are out of the game.

By the process of elimination, the last person still playing, will win \$233. The \$233 amount is patriotic - it's the same number of years the United States has been in existence. The prize will be in the \$1 presidential coins.

Participants do not have to pick the same side of the coin for every round. People can change their mind as the game progresses.

Depending upon number of the participants, the coin toss may be moved outside of the 4-H building.

"We hope for a good turnout this year," said Free Press Advertising Manager Jasmine Stewart.

Stewart is grateful of the High Plains Lions Club and their efforts for the Fourth of July.

"Due to popular demand we are again going to join the Lions to offer Colby and the area people something fun on the Fourth of July," Stewart said. Lions Club activities are expected to begin at about 6:30 p.m. There will be plenty of notice of when Cointest will start.

"We will allow time for the Lions Club to serve everyone before we start" Stewart said.

This year's Cointest is sponsored by Kansas Country Store; Gambino's Pizza of Colby; Great Western Tire; Shawn Carney - Modern Woodman Fraternal Financial; City Limits and Colby radio stations KXXX and KRQ.

"We are very appreciative of the sponsors for the Cointest. Without them, it wouldn't be possible," Stewart said.
