

# Doors are opening now

**Aries (March 21 – April 20)**  
As one door closes another always opens, and with several closing, many more are due to open. Things slow down, giving you a chance to recharge your batteries ahead of March, a month that has your name all over it.

**Taurus (April 21 – May 21)**  
Doors open on your profession. Things are better on both the home and professional fronts. There is some urgency about establishing where things stand. This is also an auspicious week for encounters, networking or anything you're doing as part of a team.

**Gemini (May 22 – June 21)**  
These are auspicious days, which bode well for the professional front and where your heart is committing. You're able to keep options open, both personally and professionally.

**Cancer (June 22 – July 22)**  
You have a new sense of financial and personal confidence. Simply going through the motions was never going to be on this year's agenda. All of a sudden your options are opening up.

**Leo (July 23 – Aug. 22)**  
This is likely to be a breakthrough week on the relationship front as well as auspicious for financial matters. A

corner has been turned. This turns the tide from last year's very challenging financial forces.

**Virgo (Aug. 23 – Sept. 23)**  
The only challenge you have this week is likely to be trust, seeing things as too good to be true. Make the most of good work and relationship matters. Get things moving in the right direction, following your dream job and lining things up for the long term.

**Libra (Sept. 24 – Oct. 23)**  
If there ever was a week for perfecting the art of balancing work with play, this is it. Things on the romantic and creative fronts get a push start. Yet it's at work that the real opportunities lie.

**Scorpio (Oct. 24 – Nov. 22)**  
Opportunities grow on home and career fronts. If you don't already have the right work/life balance that needs to be your first priority. Tuesday through to Thursday are auspicious days for the heart.

**Sagittarius (Nov. 23 – Dec. 21)**  
The new moon Sunday created an opportunity for a breakthrough in communications and decision making. Venus is working to make your life as love- and user-friendly as possible.

**Capricorn (Dec. 22 – Jan. 20)**  
The new moon clears financial pressures. This is an auspicious week for decision making or communication ventures. Considering that communication touches almost every aspect of life, it will be a very auspicious week all around.

**Aquarius (Jan. 21 – Feb. 19)**  
If it's not obvious, the weekend has been a watershed between past and future and a breakthrough on the personal or relationship fronts. You can reach a final resolution on the relationship front. This comes as one of the luckiest income weeks in over a decade gives you financial and personal confidence.

**Pisces (Feb. 20 – March 20)**  
The future is here. This is your luckiest week since April, 1998. This evokes a lot of faith and optimism in the future and the belief that luck really is on your side.

## Weather spotter talk in March

The National Weather Service and Thomas County Emergency Management plan a free Storm Spotter and Safety Class at 6:30 p.m. Thursday, March 11, downstairs at the Community Building.

The class is for everyone interested in High Plains weather, said Joy Hayden with the weather office, and no special background is required. This program is offered once a year by Weather Service meteorologists.

The program will cover thunderstorm formation, organization and evolution, associated clouds and their meaning, thunderstorm hazards, safety and what and how to report during a storm. For information, call the office at (785) 899-7119. A complete list of the spotter training schedule across the Tri-State Area is available at [weather.gov/goodland](http://weather.gov/goodland).
