

Minimize stress, look for opportunities ahead

Aries (March 21 – April 20) This is a big week, with the opportunity for a major breakthrough. Minimize the stress in your life, especially what isn't constructive. The right amount of pressure keeps you on your toes, especially at work. Stick to your guns and stay focused. Good things are developing.

Taurus (April 21 – May 21) Look for clarity and insight, bringing together foresight and hindsight. This is going to challenge your intentions, making sure you're not on autopilot.

Gemini (May 22 – June 21) Pressure exposes any issues with having work/life balance. Home and professional lives come into conflict. It's a chance to create the kind of balance that is sustainable. You really can have it all.

sure in the air but you're not in any direct firing line. It's a lot easier to stay mentally focused. If you find yourself getting stressed, keep things simple and keep communication lines open. This is a good time to be working behind the scenes, away from the rat race.

Leo (July 23 – Aug. 22) Keep your cool but stay ready to fight for what you want, need or deserve. Your financial and income sectors are in conflict with each other. Despite the intensity, this is a week when things can be sorted and put on the right path.

Virgo (Aug. 23 – Sept. 23) While there is a lot of pressure this week, there is an opportunity for healing and a breakthrough. Meanwhile there is a shift in focus on the professional front, with exciting professional desires and dreams. Faith in the future is

emerging.

Libra (Sept. 24 – Oct. 23) Keep things in balance, especially on the health and work fronts. Remain confident, realizing that where there is pressure there are opportunities. Current pressures are temporary. Focus is on your financial game this week.

Scorpio (Oct. 24 – Nov. 22) Be true to yourself and avoid jumping to the hardest scenario. Sometimes the simple approach provides the best answer, not creating complications where there are none. On the personal front there is both pressure and opportunity. Ensure that you're on the most authentic path possible.

Sagittarius (Nov. 23 – Dec. 21) There'll be some professional pressure this week. Where there's pressure there's opportunity. Things are coming to a head and you're asking yourself the tough questions. Having the right work/life balance is crucial.

Capricorn (Dec. 22 – Jan. 20) Two situations are challenging your excuses and demanding that you

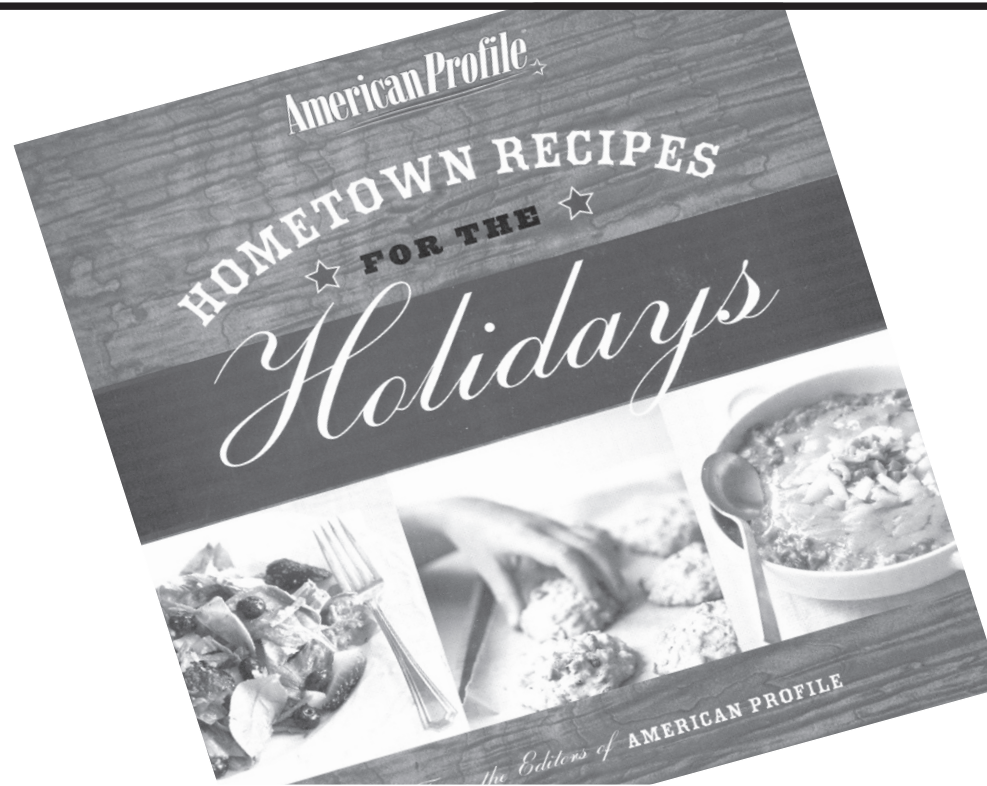

take a disciplined approach to expanding your world and your experiences. Life and all its experiences are there to be lived.

Aquarius (Jan. 21 – Feb. 19) Pressure between financial and income sectors comes to a head in a way that temporarily makes challenges seem worse. Opportunities lie on the other side, especially on the income front. Be on your toes, take responsibility. There's likely to be some heartfelt moments as well.

Pisces (Feb 20 – March 20)

Minimize personal and relationship pressures by providing the support needed to turn them into opportunity. Defuse pressure by opening communication lines. You're poised for a major breakthrough and turnaround.
