

The pedal tractor pull, which always draws a crowd, will be Wednesday, July 27, at the fairgrounds. Registration will begin at 4 p.m. near the barbecue tent with the event to follow. Contestants have the chance to advance to the state fair.

Community foundation plans annual fair breakfast

The Thomas County Community Foundation will hold the annual fair breakfast on Thursday, July 28, at the 4-H Building.

They will be serving eggs, sausage and hashbrowns to go along with milk, orange juice and coffee. Virginia Umberger will cater the event.

The foundation has sponsored the fair breakfast for five years as well as other free services to help benefit the community. Board

members from the foundation team up to pull donations from businesses and private organizations and the interest is then given back to help the community in grants.

Board members will be present at the breakfast to answer questions about what the foundation does and greet all who attend. Everyone is welcome to attend and donations are welcome.
