Preserving Children

- 1 large grassy field
- 6 children (all sizes)
- 3 small dogs
- narrow strip of brook, pebbly if possible
- hot sun
- flowers
- deep blue sky

Mix children with dogs and empty into field, stirring continuously. Sprinkle the field with flowers, pour the brook gently over the pebbles.

Cover all with deep blue sky and bake in hot sun. When children are well browned, they may be removed; will be found right and ready for setting away to cool in the bath tub.
