Motor home overturns near Brewster

The Kansas Highway Patrol reported that Mary Harden, 74, Meriden, was driving a Ford Trail-Lite west on the freeway.

The vehicle struck the bridge, the patrol said, and spun around across the median, jumping the guard rail on the eastbound side. It came to rest in its side in the eastbound lanes and on the south shoulder.

Riding with the driver were Joe Harden, 73; Hannah Waugh, 12; Jacob Waugh, 9; Joseph Waugh, 11; and Quinn Waugh, 7, all of Meriden.

The Hardens were wearing seat belts, but the four kids were sitting around a couch and a table in the back, the highway patrol said. The occupants were outside the vehicle, talking with emergency medical workers after the crash, but all six were taken to Citizens Medical Cen-

City audit shows funds in good shape

From "CITY," Page 1

cacy Center and to Options: Domestic and Sexual Violence Services in 2014. McGreer said this was the same amound of money as the city has donated in the past, and is already in the budget.

• Heard from Jeremy Bridgeman with the Tree Board, who said a lot of trees have been planted this year by the pool and the walking path. He said the board plans to put more along the path and ballfields, and add irrigation in both places.

• Approved an annual agreement to split law enforcement dispatch and communicaitons cost with the county.

• Approved an annual renewal of a special use permit for vacant lots at 165 and 175 E. Fourth St. The owner told the council he has not found anyone to rent the spaces, and City Manager Tyson McGreer told him the issuing of the bonds. The council voted

it would be easiest to renew the permit until at its last meeting to levy a special tax ashe finds a renter.

· Approved a bid from Siemens for watercleaning resin for \$162 per cubic foot to treat water at a Superfund waste cleanup sight on East Fourth Street run by the Environmental Protection Agency. McGreer said bids were opened up at 2 p.m. Tuesday and only one other company bid. Purell Light asked \$167 per cubic foot of solution. McGreer added that he hopes this is the last time they have to make such a purchase.

· Decided to move a planning session for the 2014 budget to July 6. It was July 7.

• Voted to approve a contract with Oppenheimer & Co. to be the financial adviser when the city issues up to \$90,000 worth of general obligation bonds to pay for a new water main leading to a Crop Production Services facility east of town, and approved

sessment against the facility for 20 years to pay for the project.

· Discussed a proposal for a dog park at the old landfill north of town, with members saying people told them they did not want a dog park, especially with no fence.

 Discussed having a committee to come up with a name for the area which council members have been calling "South Franklin Park," just north of the Colby Aquatic Park. The park has a playgound and walking trail.

They dicussed having a naming contest for the park, but Councilman Fred Taylor said the council should have final approval for a name. McGreer said the Colby Rotary Club is setting up an entrance to the park. He said he will go ahead with the entrance unless there is some objection.

Federal education cuts affect schools

school districts face the loss of for its high-poverty schools, according to the state Department of Education.

percent because of a smaller al- ly/18nOamB). location from Congress.

poverty schools, including extra about \$7.2 million this coming math and reading teachers who school year in federal funding help children who are struggling academically. The money also funds after-school programs.
