# Impaired driving a crime that kills and injures many

Impaired driving is no accident. It's serious crime that kills more than 16,000 people and injures nearly 305,000 people every year.

Someone dies in an alcohol related crash every 32 minutes. Every 2 minutes, someone is injured.

After several years of gradual improvement, more recent impaired driving statistics released by the National Highway Traffic Safety Administration show that deaths related to impaired driving increased from 15,976 in 1999 to 16,653 in 2000.

America is at a crucial point where we must all do more if we are to significantly reduce the number of alcohol-related and drug related crashes. As prominent leaders in our communities, prosecutors have a unique opportunity to stop this deadly crime and

## Tuition to rise at six Kansas universities

By John Milburn

Associated Press Writer TOPEKA—Tuition at the state's six universities will increase again this fall - by more than 25 percent for many

The state Board of Regents set new rates as a way to generate extra money for faculty salary increases, new technology or other improvements.

University of Kansas students.

Under proposals outlined by the institutions and approved by the board on a voice vote Thursday, tuition will increase for students from Kansas by a low of \$55.50, or 6.3 percent, at Fort Hays State to a high of \$294 at Kansas.

Per-semester rates would range from \$926 at Fort Hays State to \$1,460 at

For out-of-state students, the increases will range from \$99.75, or 2.2 percent, at Wichita State to \$379, or 11.5 percent, at Pittsburg State. The rates will range from \$3,505 at Fort Hays State to \$5,062 at Kansas.

state budget," said Regents Chairman

Clay Blair III. "The tendency would be to fill the gap the Legislature left."

Tuition at the state's community colleges and vocational-technical schools are set by local boards of trustees and not effected by Thursday's decision.

The board's action came after legislators struggled for months to hold state spending on the higher education system constant for the fiscal year that begins Monday.

But university officials have said lawmakers squeezed them on personnel costs and didn't give them enough money to cover higher payroll and health insurance costs.

Blair said the regents began discussing tuition increases more than eight months ago, including students, faculty and staff in the planning. The goal has been to double tuition over five years, with the emphasis placed on adding more value to the degrees stu-
