

July brings heat, variety of storms to Goodland

July is here, and so is the hot weather. Here we go into our second week of these temperatures. The sky has looked bad a few times, but mostly we got the lightning, thunder and winds.

Last night was a little different; we finally got some rain, but there were a few frozen raindrops in the mess. I noticed several larger limbs that lost their battle with the winds and were down on my way to the center.

Two of the bigger ones were still down when I left for home. I didn't lose any, just those pesky little twigs that one has to pick up before mowing again.

Jonah came over Monday morning to help me with a few chores. He is concerned about my not being able to kneel, so he does it for me. His comment is "have to help you,

Jan." Of course I reward him with a few quarters that he's saving for fair tickets for the rides.

The past couple of weeks have taken several of our residents and former residents from their homes here on earth. Among those mourning the loss of loved ones are the families of Margaret Van Loenen, mother of Ronald and Linda of Goodland; Kathy Brim, mother of Linda (Brim) and Terry Bahe; Cloyd Hawks, husband of Fern, father of Dale (Bonnie) and brother of Beulah

Gillespie; and several that I did not know.

The ones mentioned had other family members, but I was able to point out those survivors that I knew. To all of these people mentioned and the others, my sincere sympathy on their losses and know that the Almighty will walk with them during these next troubling weeks.

As of this writing, my neighbor Christie Schiefen is in the hospital and has no decision on her problem. She's hoping to get out in the next

day or two. Will see.

Biff Young is in Colorado helping her daughter Tiffani and her family, as Tiff in undergoing medical care to isolate what the cause is. Her mom Elaine said they hope she will get back home within the next few days. She misses Biff, so I went over and did a few chores for her.

It's no big deal, just some little things that you and I take for granted but are out of her reach. I hope all goes well, and Biff gets back soon.

Birthday greetings to Richard Golden on the ninth, Roy Russell on the 14th and Reid Bowker on the 15th. Greetings to these and any others having a special day.

I have two anniversaries, Janet and Perry Warren on the sixth and Scott and Mary Brady on the 12th. Best wishes to these folks and any

others. Belated birthday greetings to Pearl Parish and Vera Daise.

Talk at the senior center has been on the quality of the wheat. Most are grateful for what they got but wish the price was better. It seems the wheat is yielding around 35 to 45 bushels, of course there are others that are in the 50-60 range.

At least the farmers are getting some form of crop compared with the last couple of years.

I finally turned the sprinklers on with this heat. They are still set for the time of day and length of time as last year. The lawn seems to be okay, so I will keep using the "restricted" timing of last year.

I talked to my sister in Fort Collins over the weekend, and they are on water rationing. I sure hope we don't here, but we'll survive if we do.

I know the river is running a lot deeper than a couple of seasons, but there's a lot of lakes and other small rivers that need water downstream. I sure hope there's enough for this season and that we get a good snow this winter to build up the water for next summer.

The drought is by no means over in spite of the rains these areas are getting. One man said it will take two to three years to get the big reservoirs back to normal.

I mentioned last issue about picking up odds and ends of yam for craft projects. One lady called saying she had a bag full and would like to give it to me, which she did. Thanks again for your kindness.

Take care during these hot days and nights that don't cool down too far. I will sign off until next week.
