

Goodland Snoball Royalty

Goodland High School Snoball King and Queen were crowned between basketball games on Friday. Snoball Queen was Jennifer Rome and Snoball King was Garth Helton. Attendants were Erika Fyfe and LeRoy Prine, and Jake Terry and May Luangjan.

Good crowd for kick-off

FAIR, from Page 1

Not only are the facilities wonderful, but it's a great community collaboration to showcase to very important organizations in Goodland – the tech college and our hospital."

A series of special programs were held including, Goodland Activity Center on activity/guidelines for senior citizens fitness; Sarah Linton, hospital Dietician on nutrition topics; GAC kids activities; and Goodland hospital Physical Therapy Department program.

The programs were not well attended Goodwin said. "It was the first year that we tried to include programming. Our planning committee will evaluate it and see how we could present them in a different way and try it one more time next year."

The Lions had a special hearing trailer with handicap access plus the Wichita Veterans Affairs Center had the Kansas Veterans assistance

motor home on display.

The Lions kept the hearing trailer going and inside had a vision testing machine as well.

Many of the booths had handouts, and were busy throughout the morning talking to people and answering questions.

One could get a relaxing massage, have their feet checked and learn about the proper proportions for helping a diet work plus learn about the upcoming Goodland School District bond issue plus picking up lots of health related information.

36 booths at Health Fair

The Goodland hospital had booths from the counseling service, emergency medical services, Family Health Center, human resources, nutritional services, pharmacy, respiratory therapy, speech and telemedicine and surgery.

Other vendors who had booths at the health fair include:

Currier Drug; Big Brothers/Big Sisters; Changing Life Styles; Child Care Aware of NW Kansas;

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
