

Are you prepared for a tornado in your community?

jamie morphey

• business tips

Another community was devastated by a tornado this past weekend. While we hope it never happens to us, the truth is tornados are a real threat in our area.

Are you prepared? Do you have a disaster plan for your business?

Establish an emergency plan to keep you and your employees safe if a storm hits during business hours.

Have current phone numbers for employees, customers, and suppliers.

Review your insurance coverage. Understand what is covered and what is not

covered. Consider business interruption insurance.

Make sure you have current backup copies of your data.

Store important documents in a fireproof safe deposit box.

Being prepared can help your business

survive the storm. Not being prepared can cost you your livelihood.
