

Back-to-School Safety tips

Simple reminders for drivers:

1. Slow down and be alert in the residential neighborhoods and school zones
2. Take extra time to look for kids at intersections, on medians and on curbs
3. Enter and exit driveways and alleys slowly and carefully
4. Watch for children on and near the road in the morning and after school hours
5. Reduce any distractions inside your car so you can concentrate on the road and your surroundings. Put down your phone and don't talk or text while driving

Reminder for your kids:

1. They should cross the street with an adult until they are at least 10 years old
2. Cross the street at corners, using traffic signals and crosswalks
3. Never run out into the streets or cross in between parked cars
4. Make sure they always walk in front of the bus where the driver can see them.

It's that time of year!
Watch for the kids in
the crosswalks!

ASBESTOS ISSUE IN USD 352

Asbestos is an issue USD 352 has been dealing with for several years. The Asbestos Hazard Emergency Response Act of 1986 was enacted by Congress. This Act determines the extent of and develops solutions for any problems schools may have with asbestos. USD 352 has had their facilities inspected by a certified asbestos inspector. The inspector located, sampled and rated the condition and hazard potential of material and lab analysis records were turned over to a certified management planner to develop asbestos management plans. A copy of the asbestos management plan is available for your inspection in USD 352's Administration offices during regular business hours. Kenny Studer is the asbestos coordinator of USD 352. All inquiries regarding the plan should be directed to him. Contact Kenny at (785) 890-2397. USD 352 is implementing the asbestos management plan. It is the District's intent to comply with federal, state and local regulations. USD 352 plans on taking whatever steps are necessary to insure your child and the District's employees have a healthy and safe environment in which to learn and work.

AUTOMATED CALLING SYSTEM:

USD 352 has an automated calling system for rapid notification purposes. Be sure the school has your current phone number.
