

CARD OF THANKS

The family of Jeanette Brace-lin would like to say thank you to the wonderful people of our community for your loving thoughts and prayers at the time of our loved ones passing. Whether you sent a card, provided food, had time for a kind word, sent a memorial, or sent flowers, your expression of sympathy is humbly appreciated. Thank you to the ladies of the church for the wonderful meal. We are so blessed to live in a loving and caring community. May God bless each of you. -Keith, Beverly and family, Deb and family. -10-12-10-16-

PUBLIC NOTICE NW KS GMD#4 WTAP Sign-up Open

The Kansas Department of Agriculture is accepting applications for the Water Right Transition Assistance Program (WTAP). The deadline to apply is **November 15**.

WTAP is a voluntary, incentive-based program designed to help restore aquifers and streams in critical areas by retiring water rights. Six "high priority" areas in the Northwest Kansas Groundwater Management District No. 4 (GMD 4) have been designated as eligible target areas by the Kansas Department of Agriculture's Division of Water Resources chief engineer because of significant water level declines. The six areas have been determined to be in need of aquifer recovery and are now closed to further water appropriations. These six areas in Cheyenne, Sherman, Thomas and Sheridan counties are also the subject of additional management program protocols being discussed with landowners by GMD 4.

Applicants who are selected for WTAP grants are compensated by the department's Division of Conservation in exchange for the permanent retirement of water rights on irrigated land. Priority is given to retiring water rights in areas that would have the greatest impact on the aquifer system. A fixed rate of \$2,000 per acre-foot of historic consumptive water use is available for eligible water rights to be retired. WTAP grants are approved on the basis of competitive bids.

To be eligible, water rights must be in good standing with the department's Division of Water Resources. Dryland farming is permitted after a water right is retired. Limited irrigation can also be temporarily allowed to establish a permanent cover on the land being transitioned from irrigation. Partial water right reductions will also be considered for retirement grants.

For more information, contact Steve Frost, water conservation program manager, at (785) 296-8964 or Steve.Frost@kda.ks.gov. WTAP rules and regulations, applications, maps and other details are available on the Kansas Department of Agriculture's Division of Conservation website at <http://www.ksda.gov/doc/?cid=1941>.

Information and assistance is also available on the Kansas Department of Agriculture's Division of Water Resources field office in Stockton at (785) 425-6787 or at the Northwest Kansas Groundwater Management District No. 4 in Colby at (785) 462-3915.
