

# Public Meeting Held

The Kansas Wildlife and Parks Commission held a public meeting and hearing on Aug. 12 at the Mankato Community Center. The afternoon session began at 1:30 p.m., and the evening public hearing began at 7 p.m.

The afternoon session began with overviews of the Kansas Department of Wildlife and Parks fiscal status, as well as general discussion of topics including Glen Elder State Park, a petition to add the lesser prairie chicken to the List of Threatened and Endangered Species, permanent big game regulations, and the new Farm Bill Voluntary Public Access program. The afternoon concluded with a workshop session on spring turkey

regulations.

The commission recessed at 4 p.m., then reconvened at 7 p.m. at the same location when the workshop session continued, covering park and cabin fee regulations, hunting/fishing permit/license combination packages, and fishing regulations.

After the workshop session, the commission conducted a public hearing to set late migratory bird seasons and regulations. Kansas Department of Wildlife and Parks staff are expecting liberal seasons and bag limits similar to last year.

Time was set aside in both the afternoon and evening sessions for public comment on topics that were not on the agenda.
